

AEWA EUROPEAN GOOSE MANAGEMENT PLATFORM

**3rd MEETING OF THE
AEWA EUROPEAN GOOSE MANAGEMENT
INTERNATIONAL WORKING GROUP**

20-21 June 2018, Leeuwarden, The Netherlands

**AMBIO SPECIAL ISSUE - GOOSE MANAGEMENT: FROM LOCAL TO
FLYWAY SCALE (VOLUME 46, SUPPLEMENT 2, 2017)**

A special volume of *Ambio*, the journal of the Royal Swedish Academy of Sciences, has been recently published containing 14 articles based on material presented at the Gram Slot Conference on “Goose Management: Challenges 2015” held from 27 to 29 October 2015 in Denmark.

Thanks to the sponsorship from the Danish Environmental Agency, the Danish Ministry of Environment and Food, the Norwegian Environment Agency, the Danish Wadden Sea National Park, the Dutch BIJ12-Faunafunds and Department of Bioscience of Aarhus University, all the articles are freely available via online [Open Access](#)¹. For viewing the content, please access through the link.

This special volume of *Ambio* is provided as an information document as it contains useful background information and some of the latest scientific data that are of high relevance for the European Goose Management Platform.
