

# Report on the implementation of AEWA for the period 2015-2017

The format for reports on the implementation of the Agreement on the Conservation of African-Eurasian Migratory Waterbirds (AEWA) for the period 2015-2017 was approved at the 12th meeting of the Standing Committee (31 January – 01 February 2017, Paris, France). This format has been constructed following the AEWA Action Plan, the AEWA Strategic Plan 2009-2018 and resolutions of the Meeting of the Parties (MOP).

In accordance with article V(c) of the Agreement on the Conservation of African-Eurasian Migratory Waterbirds, each Party shall prepare to each ordinary session of the MOP a National Report on its implementation of the Agreement and submit that report to the Agreement Secretariat. By Resolution 6.14 of the MOP the deadline for submission of National Reports to the 7th session of the Meeting of the Parties (MOP7) was set at 180 days before the beginning of MOP7, which is scheduled to take place on 4 – 8 December 2018 in South Africa; therefore **the deadline for submission of National Reports is Wednesday 7 June 2018.**

The AEWA National Reports 2015-2017 will be compiled and submitted through the CMS Family Online National Reporting System, which is an online reporting tool for the whole CMS Family. The CMS Family Online Reporting System was developed by the UNEP-World Conservation Monitoring Centre (UNEP-WCMC) in close collaboration with and under the guidance of the UNEP/AEWA Secretariat.

To contact the UNEP/AEWA Secretariat please send your inquiries to: [aewa.nr@unep-aewa.org](mailto:aewa.nr@unep-aewa.org)

## 1. General Information

### **Name of reporting Contracting Party**

› Ukraine

### **Date of entry into force of AEWA in the Contracting Party**

› 01.01.2003

**List any reservations that the Contracting Party has made (if any) in respect of any population(s) listed in Table 1 of Annex 3 or any specific provision of the AEWA Action Plan – either upon deposition of its instruments of accession (per AEWA, Article XV) or subsequent to any amendment of Table 1 or the AEWA Action Plan, as adopted by a session of the Agreement’s Meeting of the Parties (per AEWA, Article X.6).**

**EU member states should list also all reservations entered by the European Commission on behalf of the European Union.**

› None

## 2. Institutional Information

Please update information on the National AEWA Administrative Authority, the National Focal Points, the Designated National Respondent and the other contributors to this report.

### Designated National AEWA Administrative Authority

Full name of the institution

› Ministry of Ecology and National Resources of Ukraine

Name and title of the head of institution

› Ostap Semerak, Minister

Mailing address - Street and number

› 35, Mytropolyta Vasylya Lypkivskogo str.

P.O.Box

› 35

Postal code

› 03035

City

› Kiev

Country

› Ukraine

Telephone

› +380 44 206 31 00

Fax

› +380 44 206 31 07

E-mail

### **Designated National Respondent (DNR) in charge of the compilation and submission of the AEWA National Report 2015-2017**

Please select from the list below as appropriate.

☒ The National Focal Point (NFP) has been designated as the National Respondent

### **Other contributors to the AEWA National Report 2015-2017**

Please list the names and affiliations (institution, organisation) of the other contributors to this report. For Contracting Parties in which nature conservation is not an exclusive competence of national/federal government, Designated National Respondents are encouraged to seek input from other relevant levels of government.

> Ukrainian Society for the Protection of Birds

Institute of Zoology of the National Academy of Sciences of Ukraine (A. Kostyushin)

Department of Protected Area Affairs of the Ministry of Ecology and Natural Resources

Black Sea Biosphere Reserve

Azov-Black Sea Ornithological Station (Melitopol)

## Pressures and Responses

### 3. Species Conservation

#### 3.1 Legal Measures

**1. Please confirm whether all populations listed on AEWA Table 1, Column A which occur in your country are protected by your country's national legislation (AEWA Action Plan, paragraph 2.1.1), in particular:**

**White-headed Duck / *Oxyura leucocephala* / East Mediterranean, Turkey & South-west Asia / Column A / Category 1a 1b 1c**

1.1. Taking of birds and eggs is prohibited

☒ Yes

Please provide further details, including the relevant legislation and whether this applies to/is consistent throughout the entire country or only to particular states/provinces.

› Law of Ukraine "On Fauna". The law applies for the entire country

1.2. Deliberate disturbance that would be significant for the conservation of the population concerned is prohibited

☒ Yes

Please provide further details, including the relevant legislation and whether this applies to/is consistent throughout the entire country or only to particular states/provinces.

› According to Article 39 of the Law of Ukraine "On Fauna" from 1 April to 15 June it is prohibited all the activities that can be a source of increased noise and disturbance for animals. The law applies for the entire country.

You have attached the following Web links/URLs to this answer.

[Law of Ukraine - "On Fauna"](#)

1.3. Possession or utilisation of, and trade in, birds or eggs which have been taken in contravention of the prohibition under AEWA Action Plan, para 2.1.1. (a), as well as the possession or utilisation of, and trade in, any readily recognisable parts or derivatives of such birds and eggs is prohibited

☒ Yes

Please provide further details, including the relevant legislation and whether this applies to/is consistent throughout the entire country or only to particular states/provinces.

› In accordance with the Article 17 of the Law of Ukraine "On Fauna" taking the birds or eggs or other wild fauna objects from the nature can only be allowed under a special permit issued by a competent authority. The law applies for the entire country.

**Whooper Swan / *Cygnus cygnus* / N Europe & W Siberia/Black Sea & E Mediterranean / Column A / Category 2**

1.1. Taking of birds and eggs is prohibited

☒ Yes

Please provide further details, including the relevant legislation and whether this applies to/is consistent throughout the entire country or only to particular states/provinces.

› In accordance with the Article 17 of the Law of Ukraine "On Fauna" taking the birds or eggs or other wild fauna objects from the nature can only be allowed under a special permit issued by a competent authority

#### **4. Please indicate which modes of taking are prohibited in your country (AEWA Action Plan, paragraph 2.1.2(b))**

Please select from the list below.

- ☒ Snares
- ☒ Limes
- ☒ Hooks
- ☒ Live birds which are blind or mutilated used as decoys
- ☒ Tape recorders and other electronic devices
- ☒ Electrocuting devices
- ☒ Artificial light sources
- ☒ Mirrors and other dazzling devices
- ☒ Devices for illuminating targets
- ☒ Sighting devices for night shooting comprising an electronic image magnifier or image converter
- ☒ Explosives
- ☒ Traps
- ☒ Poison
- ☒ Poisoned or anesthetic baits
- ☒ Semi-automatic or automatic weapons with a magazine capable of holding more than two rounds of ammunition
- ☒ Hunting from aircraft, motor vehicles, or boats driven at a speed exceeding 5 km p/h (18 km p/h on the open sea)

Please provide further details, including the relevant legislation and information on whether the prohibitions apply to the entire country or only to particular states/provinces thereof.

> Law of Ukraine "On Hunting Economy and Game"

You have attached the following Web links/URLs to this answer.

[Law of Ukraine - "On Hunting Economy and Game"](#)

#### **5. Has your country granted exemptions from any of the above prohibitions in order to accommodate livelihoods uses? (AEWA Action Plan, paragraph 2.1.2(b))**

☒ No

#### **6. Were any exemptions granted to the prohibitions required by paragraphs 2.1.1 and 2.1.2 of the AEWA Action Plan? (AEWA Action Plan, paragraph 2.1.3)**

Notice: Before clicking on the above hyperlink, please keep pressing the **Ctrl button** on your keyboard to open the link in a new tab.

☒ No

#### **7. Was your country's national legislation reviewed following the Guidance on Measures in National Legislation for Different Populations of the Same Species, Particularly with Respect to Hunting and Trade (Resolution 6.7)?**

Notice: Before clicking on the above hyperlink, please keep **Ctrl button** on your keyboard to open the link in a new tab.

☒ No

Please explain the reasons.

> The Guidance is about to translate into Ukrainian

**8. Has your country used the AEWA Guidelines on National Legislation for the Protection of Species of Migratory Waterbirds and their Habitats ?**

Notice: Before clicking on the above hyperlink, please keep **Ctrl button** on your keyboard to open the link in a new tab.

☒ No

Please explain the reasons. What other guidance has been used instead?

> The mesures proposed are mostly foreseen in the national legislation

**3.2. Species Action and Management Plans**

**9. Please report on the progress of turning the International Single Species Action and Management Plans (ISSAP and ISSMP), as well as International Multi-species Action Plans (IMSAP), listed below, into National Action or Management Plans. (AEWA Action Plan, paragraph 2.2)**

**Please report on all listed ISSAP, ISSMP and IMSAP**

**Black-tailed Godwit / *Limosa limosa***

**National Plan for Black-tailed Godwit / *Limosa limosa***

☒ No NP, but actions implemented

**10. Does your country have in place or is your country developing a National Single Species Action Plan for any species/population for which an AEWA ISSAP has not been developed? (AEWA Action Plan, paragraph 2.2.2)**

☒ Yes

**Please provide information on each species for which relevant action has been undertaken**

**Ukraine**

**Black Stork / *Ciconia nigra***

**National Single Species Action Plan for Black Stork / *Ciconia nigra***

☒ NSSAP in development

**11. Has your country used the AEWA Guidelines for the preparation of National Single Species Action Plans for migratory waterbirds?**

Notice: Before clicking on the above hyperlink, please keep pressing the **Ctrl button** on your keyboard to open the link in a new tab.

☒ Yes

Please provide details

> The Guidelines is recommended for usage to the administration of protected areas and available on the Ministerial web-site

You have attached the following Web links/URLs to this answer.

[Guidelines](#) - Guidelins for the preparation... in Ukrainian

**3.3 Emergency Measures**

**12. Please report on any emergency situation that has occurred in your country over the past triennium and has threatened waterbirds. (AEWA Action Plan, paragraph 2.3)**

Please indicate whether an emergency situation threatening waterbirds, such as botulism, chemical pollution, earthquake, extreme weather, fire, harmful algal bloom, infectious disease, introduction of alien species, lead poisoning, nuclear accident, oil spill, predation, volcanic activity, war or other emergency (please specify), has occurred in the country over the past triennium.

☒ Emergency situation has occurred

**Please provide information on each emergency situation which occurred**

**War**

Indicate when the emergency situation took place

› 2014-2015

Indicate where the emergency situation took place (including geographical coordinates)

› Some regions of Donetsk and Lugansk oblast'

Have emergency response measures been implemented?

☒ No

Please explain the reasons

› Currently no emergency measures are possible due to ongoing military actions

### **Extreme weather**

Indicate when the emergency situation took place

› May-June 2014. Extremely cold rains

Indicate where the emergency situation took place (including geographical coordinates)

› All over Ukraine

Field for additional information (optionally, you can provide additional information on the emergency case)

› The cold rains affected the productivity of the White Stork population, they caused a significant loss of chicks in the nests. In 2014 the share of broods with 2 chicks was 33.3% which is the feature of unsuccessful productivity years.

**13. Are there any other emergency response measures, different from the ones applied in response to the emergency situations reported above, that were developed and are in place in your country so that they can be used in future in emergency cases?**

☒ No

**14. Has your country used the AEWA Guidelines on identifying and tackling emergency situations for migratory waterbirds?**

Notice: Before clicking on the above hyperlink, please keep pressing the **Ctrl button** on your keyboard to open the link in a new tab.

☒ No

Please explain the reasons. What was used instead as a basis for dealing with emergency situations?

› Emergency situations threatening waterbirds are relatively rare for the country that is why a necessity of the AEWA guidelines usage is rather low. There is Code of Civil Protection of Ukraine which provides general principles on how to act in emergency situations to minimize threat to humans and environment.

### **3.4 Re-establishments**

**15. Is your country maintaining a national register of re-establishment projects occurring or planned to occur wholly or partly within your country? (Resolution 4.4)**

☒ No

Please explain the reasons

› There were no re-establishment projects implemented in Ukraine yet

**16. Is there a regulatory framework for re-establishments of species, including waterbirds, in your country (AEWA Action Plan, paragraph 2.4)?**

☒ Yes

Please provide details

› According to the Law of Ukraine "On Fauna" re-establishment of species can only be made under special permit issued by the Ministry of Ecology and Natural Resources based on relevant scientific rationale

**17. Has your country considered, developed or implemented re-establishment projects for any species listed on AEWA Table 1? (AEWA Action Plan, paragraph 2.4)**

☒ No

**18. Has your country used the AEWA Guidelines on the translocation of waterbirds for conservation purposes?**

Notice: Before clicking on the above hyperlink, please keep pressing the **Ctrl button** on your keyboard to open the link in a new tab.

☒ No

Please explain the reasons. What was used instead as a basis for dealing with the issue?

> There were no scientifically based applications for such translocation submitted to the Ministry of Ecology and Natural Resources of Ukraine.

### 3.5 Introductions

#### **19. Does your country have legislation in place, which prohibits the introduction into the environment of non-native species of animals and plants which may be detrimental to migratory waterbirds? (AEWA Action Plan, paragraph 2.5.1)**

☒ Yes, and being enforced

Please provide the following details: title of legislation, year of adoption, institution that adopted it, institution that enforces it. Please clarify whether legislation applies to/is consistent throughout the entire country or only to particular states/provinces.

> According to the Law of Ukraine "On Fauna" adopted on 13 December 2001 by Verkhovna Rada (Parliament) of Ukraine, no new species introduction is allowed without prior scientific justification and a special permit issued by the competent national authority (Ministry of Ecology and Natural Resources of Ukraine). The enforcement institution is State Ecological Inspection of Ukraine. The Law applies for the entire country.

#### **20. Does your country impose legislative requirements on zoos, private collections, etc. in order to avoid the accidental escape of captive animals belonging to non-native species which may be detrimental to migratory waterbirds? (AEWA Action Plan, paragraph 2.5.2)**

☒ Yes, and being enforced

Please provide the following details: title of the document, year of adoption, institution that adopted it, institution that enforces it. Please clarify whether legislation applies to/is consistent throughout the entire country or only to particular states/provinces.

> Zoos, private collections etc. have to follow the Law of Ukraine "On Fauna" that provides legal provisions what to do with non-native species

#### **21. Does your country have in place a National Action Plan for Invasive Species (NAPIS) (in the framework of other MEAs, such as CBD, Bern Convention, and GISP (Global Invasive Species Programme) (Strategic Plan 2009-2017, Objective 1, Target 5)?**

☒ No

Please explain the reasons

> Relevant measures/actions are implemented in the framework of Environmental Protection National Action Plan for 2011-2015 adopted by the order of the Cabinet of Ministers of Ukraine No. 577-r of 25 May 2011.

#### **22. Has your country considered, developed or implemented programmes to control or eradicate non-native species of waterbird so as to prevent negative impacts on indigenous species? (AEWA Action Plan, paragraph 2.5.3)**

☒ No

Please explain the reasons

> No major threats for the environment because of non-native waterbird species have been reported so far in Ukraine, therefore no proposals for eradication programme for such species had been put on environmental agenda

#### **23. Has your country considered, developed or implemented programmes to control or eradicate other non-native species (in particular aquatic weeds) so as to prevent negative impacts on migratory waterbirds? (AEWA Action Plan, paragraph 2.5.3 and Resolution 5.15)**

☒ Yes

Please list the non-native species for which relevant action has been undertaken

> The working group on invasive alien species has been established at the Ministry of Ecology and Natural Resources of Ukraine

#### **24. Has your country used the AEWA Guidelines on avoidance of introductions of non-native waterbird species?**

Notice: Before clicking on the above hyperlink, please keep pressing the **Ctrl button** on your keyboard to open the link in a new tab.

☒ No

Please explain the reasons. What was used instead as a basis for dealing with the issue?

> No threats have been identified for introduction of non-native waterbird species in Ukraine so far

# Pressures and Responses

## 4. Habitat Conservation

### 4.1 Habitat Inventories

**25. Has your country identified the network of all sites of international and national importance for the migratory waterbird species/populations listed on Table 1? (AEWA Action Plan, paragraph 3.1.2)**

☒ Yes

Please provide full reference, e.g. title, year, authors, etc. or a web link

> USPB has published a book "Important Bird Areas" (1999) which describes the key sites important for conservation of bird species, including those covered by AEWA. There is ongoing work for identification of Emerald sites. In 2016 the Standing Committee has adopted 271 Emerald sites. Many of them are important for waterbirds

**26. If your country has identified or is currently identifying the networks of sites of international and national importance, were the AEWA Guidelines on the preparation of site inventories for migratory waterbirds used?**

Notice: Before clicking on the above hyperlink, please keep pressing the **Ctrl button** on your keyboard to open the link in a new tab.

☒ Yes

Please provide details

> The sites important for birds used to identify by assigning a status of Ramsar sites. During 2014-2017 6 new sites had obtained a status of sites of international importance. 10 new sites are the Ramsar site candidates

### 4.2. Conservation of Areas

**27. Has your country assessed the future implications of climate change for protected areas and other sites important for waterbirds (i.e. resilience of sites to climate change)? (Resolution 5.13)**

**For one or more single sites**

☒ Yes

**For the national protected area network**

☒ No

Please explain the reasons.

> There were no relevant projects so far. However, according to the Decree of the Cabinet of Ministers "On Adoption of a Plan for Implementation of the State Policy on Climate Change for the period 2030" of 6 December 2017. There is an action 21 on ensuring of inclusion of measures for adaptation to climate changes to the management plans of protected areas.

**28. Which sites that were identified as important, either internationally or nationally, for Table 1 migratory waterbird species/populations have been designated as protected areas under the national legislation and have management plans that are being implemented, including with the aim to increase resilience to the effects of climate change? (AEWA Action Plan, paragraph 3.2.1, AEWA Strategic Plan 2009-2017, Objective 1, Target 1.2)**

Please report separately on internationally important sites, nationally important sites and buffer zones.

☒ Reporting on designation and management of internationally important sites

☒ Reporting on designation and management of nationally important sites

☒ Reporting on establishing buffer zones around waterbird sites (as an approach for maintaining or increasing resilience of ecological networks, including resilience to climate change)

### All sites of international importance

(sites recognized as having international importance for migratory waterbirds following criteria of, for instance, the AEWA Critical Site Network, the Ramsar Convention, the EU Birds Directive (SPAs), the Bern Convention Emerald Network, the BirdLife International's Important Bird Areas)

Total number

> 39

Total area (ha)

> 717860

Number of internationally important sites under national protection designation

> 37

Area of international importance under national protection designation (ha)

> 710850

Internationally important protected sites with management planning in place which is being implemented

> 30

Area (in ha)

> 490000

Internationally important sites with management planning in place which is being implemented and includes management objectives related to maintaining or increasing the resilience of existing ecological networks, including resilience to climate change

Number of sites

> 2

Area (in ha)

> 27600

Has your country identified around which nationally or internationally important sites the establishment of buffer zones is needed to maintain or increase resilience?

☒ No

Please explain the reasons

> According to the Law of Ukraine on "On Nature Protected Fund" buffer zones are available around biosphere natural reserves, however a detailed assessment for which nationally or internationally important sites the establishment of buffer zones is needed is not conducted due to lack of resources.

## **29. Has your country developed a national action plans for filling gaps in designation and/or management of internationally and nationally important sites? (Resolution 5.2)**

DESIGNATION GAP FILLING

☒ Being developed

Please provide starting date and expected date of finalisation

You have attached the following Web links/URLs to this answer.

[Emerald Network](#) - Ukraine

## **30. Has your country developed a strategic plan (independently or as part of your country's overarching biodiversity or protected area policy document) to maintain or increase the resilience of the ecological network (for waterbirds), including resilience to climate change, and to conserve range and ecological variability of habitats and species? (Resolution 5.2, AEWA Strategic Plan 2009-2017, Objective 1, Target 1.2)**

☒ Yes

Please provide full reference or a web link, as well as details concerning the process and the status of this plan

> National Ecological Network is under permanent development according to the Law of Ukraine "On National Ecological Network of Ukraine"

You have attached the following Web links/URLs to this answer.

[Law of Ukraine](#) - "On Ecological Network of Ukraine"

## **31. Has your country used the AEWA Guidelines on the management of key sites for migratory waterbirds?**

Notice: Before clicking on the above hyperlink, please keep pressing the **Ctrl button** on your keyboard to open the link in a new tab.

☒ No

**32. Has the Critical Site Network (CSN) Tool for the AEWA area been accessed and used in your country?**

Notice: Before clicking on the above hyperlink, please keep pressing the **Ctrl button** on your keyboard to open the link in a new tab.

☒ Yes

Please give examples of how you have used the CSN Tool

> To search information for the population status in different regions.

**Optionally you can provide additional information on section 4.2. Conservation of Areas**

> Information on protected areas of Ukraine is available at <http://pzf.menr.gov.ua>

You have attached the following documents to this answer.

[sites.doc](#)

You have attached the following Web links/URLs to this answer.

[Protected areas](#) - Ukraine

# Pressures and Responses

## 5. Management of Human Activities

### 5.1. Hunting

#### **33. Does your country have an established system for the collection of harvest data, which covers the species listed in Table 1? (AEWA Action Plan, paragraph 4.1.3)**

☒ Yes

Does it cover the following? (tick where applicable and provide details)

☒ Only some AEWA species occurring in your country

> Data are collected for the hunting species only

Does it cover the following? (tick where applicable and provide details)

☒ The whole territory of your country

Does it cover the following? (tick where applicable and provide details)

☒ All harvesting activities

Field for additional information (optional)

> The State Committee of Statistics annually collates the data from the regions and publishes statistical bulletin on the numbers of hunting species including some species of birds.

#### **34. Has your country phased out the use of lead shot for hunting in wetlands? (AEWA Action Plan, paragraph 4.1.4)**

☒ No

Please explain the reasons and barriers to introduction of legislation

> Phasing out of lead shot for hunting in wetlands is a complex problem. There is no alternate kind of short in domestic marked produced by Ukrainian companies and having prices comparable to prices of lead shot. There is a lack of hunting guns suitable to use alternate shot. However, there is ongoing work on that problem. The Ministry of Ecology and Natural Resources has initiated public awareness campaign among the hunter and hunter associations on the threats to waterbirds and associated ecosystems because of lead shot usage. A draft law has been prepared on prohibition of lead shot usage during hunting on wetlands of international importance (Ramsar sites) and submitted to the Ukrainian Parliament (Verkhovna Rada) for adoption.

Has your country introduced self-imposed and published timetable for banning fully the use of lead shot for hunting in wetlands?

☒ No

Field for additional information (optional)

> A preliminary assessment is made nationally on specific wetlands where a restriction/ban should be applied for using lead shot for hunting.

#### **35. Are there measures in your country to reduce/eliminate illegal taking? (AEWA Action Plan, paragraph 4.1.6)**

☒ Yes

How would you rate the effectiveness of the measures?

☒ Moderate

Please provide details

> Poaching is still a problem in the country. State Ecological Inspection takes measures to enhance enforcement.

Field for additional information (optional)

> Monitoring of illegal killing and taking of birds: the regular monitoring of illegal trading of birds is proceeded; the gaps in the national legislation are identified; the publications to pay attention to the problem of illegal killing and taking of birds are issued in different media; the report on the national scientific conference of ornithologists of Ukraine about scale of illegal killing and taking of birds in Ukraine was done by the Ukrainian Society for the Protection of Birds (2015-2016).

USPB has been performing some activities to stop heavy illegal trade traffic of raptors (Saker, Peregrine Falcon, Gyrfalcon) via Ukrainian international airports. In 2017 rehabilitation center for forfeit birds was built

and run in the National Nature Park "Synevyr". Some forfeit birds after rehabilitation were released into the Regional Landscape Park "Tyligulskyi" (Odessa region) during autumn migration.

**36. Are legally binding best practice codes and standards for hunting (e.g. bird identification) considered a priority or appropriate for your country? (AEWA Strategic Plan 2009-2017, Objective 2, Target 2.4)**

☒ No

Please explain the reasons

› There is a proficiency tests for new hunters which includes hunting animals identification skills

**37. Has your country used the AEWA Guidelines on sustainable harvest of migratory birds?**

Notice: Before clicking on the above hyperlink, please keep pressing the **Ctrl button** on your keyboard to open the link in a new tab.

☒ No

Please explain the reasons. What other guidance has been used instead?

› Sustainable harvest principles have already foreseen in the legislation in the Law of Ukraine "On Hunting Economy and Game". According to the Law the norms for birds hunting are established annually (Number of birds per hunter per day allowed to be hunted).

## **5.2. Other human activities**

**38. Have restrictions on use of lead fishing weights been introduced in your country? (AEWA Action Plan, paragraph 4.3.12). When answering this question please also consider question 56 in chapter 6 - Research and monitoring.**

☒ No

If appropriate, please provide further details.

› Restrictions on use of lead fishing weights have not been legally introduced yet in Ukraine as relevant draft laws are still under consideration.

**39. Does your country have legislation in place, which provides for Strategic Environmental Assessment/Environmental Impact Assessment (SEA/EIA) of activities potentially negatively affecting natural habitats or wildlife? (AEWA Action Plan, paragraph 4.3.1)**

☒ Yes and being implemented

Does this legislation apply to the entire country or only to particular states/provinces thereof?

☒ Entire country

Please provide details

› The Law of Ukraine "On Strategic Environmental Assessment" has been adopted on 20 March 2018.

You have attached the following Web links/URLs to this answer.

[Law of Ukraine - "On Strategic Environmental Assessment"](#)

Do the SEA/EIA processes consider waterbirds and habitats on which they depend?

☒ Yes

Please provide details

› There is a general requirement that an ecological expertise should be made prior to perform any human activity such as constructing of new large objects, roads, plants, factories, adoption of new legislation which would potentially have a negative impact on the environment.

There is a Law of Ukraine "On Environmental Impact Assessment" which describes requirements and details for such procedures. The Law of Ukraine "On the Fauna" (Article 41) establishes that during ecological expertise of active objects, projects of construction and reconstruction of enterprises, buildings and other objects, introduction of new techniques, technology, materials and substances their impact on the animal kingdom state, habitats, migration routes and conditions of animal reproduction should be taken into account as an obligation.

You have attached the following Web links/URLs to this answer.

[Law of Ukraine - "On Environmental Impact Assessment"](#)

Do the SEA/EIA processes include public participation?

☒ Yes

Please provide details

› Public participation is foreseen in the legislation of Ukraine (Laws of Ukraine "On Environmental Impact Assessment", Article 7, "On Strategic Environmental Assessment", Article 12).

**40. In the last three years, has your country used SEA/EIA for all relevant projects, including energy sector projects such as renewable energy developments and power lines installation, to assess the impact of proposed projects on migratory waterbird species listed on Table 1 and/or habitats/sites on which they depend? (AEWA Action Plan, paragraph 4.3.1, Resolution 5.11 and Resolution 5.16)**

☒ Yes, all proposed projects

Please provide information on the outstanding cases

› There was a series of projects to build wind farms in Kherson (Dnipro-Buzka and Over'yanivska Wind Farms) and Mykolayiv oblasts (Pivdenno-Ukrayinska Wind Farm). Ukrainian Society for the Protection of Birds has conducted an ecological expertize (EIA) and gave expert conclusions to the projects regarding its effect on migratory birds and provided a set of recommendations on mitigation of possible negative impact of that facilities on migratory birds. Conclusions and recommendations enclosed.

Negative conclusion was done for Over'yanivska Wind Farm (Kherson region) after reviewing EBRD Environmental and Social Impact Assessments for that wind farm. It was recommended EBRD do not support installation of the farm and stop construction works.

You have attached the following documents to this answer.

[EIA Wind turbine Pivdenno Ukrayinska USPB.docx](#) - EIA

[Expert conclusion wind turbine Overyanivska USPB.docx](#) - Expert conclusion

[EIA Wind turbine Dnipro Bug USPB.docx](#) - EIA

Where an SEA/EIA has identified a likelihood of significant negative impacts on migratory waterbirds, have steps been taken to avoid these impacts, including avoidance of protected areas and other sites of importance for migratory waterbirds?

☒ Partially

Please describe the measures put in place

› Relevant recommendations have been prepared which are described in the attached file.

You have attached the following documents to this answer.

[Preliminary assessment Tuzlivska wind farm.doc](#) - Assessment of Tuzlovskia wind farm

**41. Has your country used the AEWA Guidelines on how to avoid, minimize or mitigate impact of infrastructural developments and related disturbance affecting waterbirds?**

Notice: Before clicking on the above hyperlink, please keep pressing the **Ctrl button** on your keyboard to open the link in a new tab.

☒ Yes

Please provide details

› The AEWA Guidelines is

You have attached the following Web links/URLs to this answer.

[AEWA Guideliens](#) - How to mitigate impact...

**42. Please report on the implementation of Resolution 5.11 on Power Lines and Migratory Waterbirds.**

42.1. Are relevant stakeholders, including government agencies, scientific bodies, nongovernmental organisations and the energy sector, being regularly consulted in order to monitor jointly the impacts of power lines on waterbirds and to agree on a common policy of action?

☒ Yes

Please provide details

› USPB made an EIA of power lines impact on birds in Dnepropetrovska and Donetska oblasts for the energy company DTEK in 2012-2013.

42.2. Has a baseline of waterbird distribution, population sizes, migrations and movements (including those between breeding, resting and feeding areas) been established as early as possible in the planning of any power line project, over a period of at least five years, and with particular emphasis on those

species known to be vulnerable to electrocution or collision?

☒ Partially

Please explain the reasons. What are the constraints preventing implementation of this activity?

› Lack of resources for such studies

42.4. Have the location, route and direction of new power lines been designated on the basis of national zoning maps?

☒ Yes

Please provide details

› Every new infrastructure construction should be assessed in terms of their potential impact on animals including birds

42.6. Are bird-safe designs in the construction of new power infrastructure, including measures designed to reduce electrocution and collisions being used in your country?

☒ Yes

Please provide details

› There is growing cooperation between ornithologists and energy sector. As a result of this cooperation and in accordance with recommendations of ornithologists the company PJSC DTEK "Donetskoblenergo" equipped two sections of high voltage powerlines (10 kV) with bird protection devices in the territory of "Meotida" National Nature Park (Donetsk oblast) in 2013. In 2012-2014 1002 protective caps for isolators of high voltage powerlines had been installed thus enabling to minimize associated bird mortality.

42.7. Have those sections of existing power lines that are causing relatively high levels of waterbird injury and/or mortality due to electrocution and/or collision been identified?

☒ Partially

42.9. Is there in your country regular monitoring and evaluation of the impact of power lines on waterbird populations at the national scale?

☒ Partial

42.11. Have the measures contained in Resolution 5.11. been included in your country's National Biodiversity Strategies and Action Plans and relevant legislation?

☒ Yes

Please provide details

› The Law "On the electric energy" has the general statement on environmental protection. The Law "On nature reserve fund" prohibits economic activity in the nature reserves and certain zones of biosphere reserves and national nature parks etc., including construction of power lines.

**43. Has your country used the AEWA Guidelines on how to avoid or mitigate impact of electricity power grids on migratory birds in the African-Eurasian region?**

☒ No

Please explain the reasons. What other guidance has been used instead?

› We have our own construction instructions which include inter alia environmental conservation rules, ecological expertise etc.

**44. Please report on the implementation of Resolution 5.16 on Renewable Energy and Migratory Waterbirds.**

44.1. Has a national sensitivity and zoning mapping to avoid overlap of renewable energy developments with areas of importance for migratory waterbirds been developed in your country?

☒ Being developed

44.3. Is post-construction monitoring being undertaken of the renewable energy installations and associated infrastructure in your country?

☒ No

Please explain the reasons. What are the constraints preventing implementation of this activity?

› Lack of resources

44.4. Where damage cannot be avoided or mitigated, has compensation for damages to biodiversity been

provided?

☒ No

Please explain the reasons. What are the constraints preventing implementation of this activity?

› There is no legal mechanism for that

44.6. Have any specific measures been put in place to assess, identify and reduce potential negative impacts of biofuel production on migratory waterbirds and their habitats?

☒ No

Please explain the reasons. What are the constraints preventing implementation of this activity?

› Biofuel production is not largely distributed in Ukraine

44.7. Have the measures contained in Resolution 5.11. been included in your country's National Biodiversity Strategies and Action Plans and relevant legislation?

☒ Yes

Please provide details

› Some measures on protection of birds are addressed in the Rules on technical exploitation of power plants and networks adopted by the Order No 296 of 13.06.2003 of the Ministry of Fuel and Energetics (pp. 5.18.6, 12.4.5, 12.7.12).

**46. Is by-catch of waterbirds in fishing gear taking place in your country? (Resolution 3.8)**

☒ Yes

Please provide details

› There are cases of by-catch of water birds in the fishing nets in the North-Western region of the Black Sea (Mykolayvska and Khersonska oblasts).

**47. Has your country undertaken steps towards the adoption/application of measures to reduce the incidental catch of seabirds and combat Illegal Unregulated and Unreported (IUU) fishing practices in the Agreement Area? (Resolution 3.8)**

☒ Yes

Please provide short description of all actions

› Ukraine has not yet signed the Agreement on Port State Measures to Prevent, Deter and Eliminate Illegal, Unreported and Unregulated Fishing. However, Ukraine is a Party to UNCLOS and the United Nations Agreement for the Implementation of the Provisions of the United Nations Convention on the Law of the Sea of 10 December 1982 relating to the Conservation and Management of Straddling Fish Stocks and Highly Migratory Fish Stocks. Provisions of above treaties as well as Resolution 105 of the 61st session of UN General Assembly and FAO International Action Plan to Prevent, Deter and Eliminate Illegal, Unreported and Unregulated Fishing provides a general approach for all the countries, namely, all the countries should ensure exploitation of aquatic resources by fishery vessels in accordance with principles of sustainable management of aquatic resources and preventing illegal fishing; all the countries should co-operate among themselves to prevent illegal fishing.

Since the 1st of January 2011 the EC Regulation 1005/2008 to Prevent, Deter and Eliminate Illegal, Unreported and Unregulated (IUU) Fishing: International Cooperation came into effect. In order to bring legislation of Ukraine in line with EU legislation the State Agency of Fisheries of Ukraine has elaborated the draft decree of the Cabinet of Ministers of Ukraine "On adoption of a procedure for confirmation of legality of taking aquatic resources from the wild and processing of landing products" and submitted it to the Cabinet of Ministers of Ukraine for adoption.

In September 2011 the State Agency of Fisheries of Ukraine jointly with EC convened the seminar on measures to combat illegal, unreported and unregulated fishing.

## Pressures and Responses

### 6. Research and Monitoring

#### 49. Does your country have waterbird monitoring schemes for the AEWA species in place? (Strategic Plan 2009-2017, Objective 3, Target 3.2)

☒ Yes

##### Covering the breeding period

Guidance: Including pre- and post-breeding sites of concentration, such as moulting sites close to breeding areas

☒ Partially

##### Covering the passage period

☒ Partially

##### Covering the non-breeding/wintering period

☒ Partially

#### 50. Has your country supported, technically or financially, other Parties or Range States in designing appropriate monitoring schemes and developing their capacity to collect reliable waterbird population data? (Resolution 5.2)

☒ No

Please explain the reasons

> Lack of resources

#### 51. Has your country used the AEWA Guidelines for a waterbird monitoring protocol?

Notice: Before clicking on the above hyperlink, please keep pressing the **Ctrl button** on your keyboard to open the link in a new tab.

☒ Yes

Please provide details

> Guidelines has been translated into Ukrainian for further use of stakeholders

You have attached the following documents to this answer.

[UKR\\_GL-monitoring\\_protocol-1\\_ver5.doc](#) - Guidance translated into Ukrainian

#### 52. Have any research programmes been established in your country in the last 5 years to address waterbird conservation priorities in accordance with the AEWA strategies and plans? (AEWA Strategic Plan 2009-2017, Objective 3, Target 3.3)

☒ Yes

Please list those programmes and indicate which AEWA priorities they are addressing

> Research programmes are implemented by scientific institutions (Institute of Zoology of the National Academy of Sciences of Ukraine, Melitopo Ornithological Station), addressed to increase knowledge about species and their populations, flyways and threats to them, as a basis for conservation actions

#### 53. List (or provide links to lists) of research related to waterbirds and their conservation that has been undertaken or results published in the past triennium (Strategic Plan 2009-2017, Objective 3, Target 3.5)

> 1. In 2015-2016, monitoring was conducted for the following species:

- Aquatic Warbler - monitoring of key breeding site "Interfluvie of the Prypyat and Tysr rivers" that located in NNP "Prypyat-Stokhid";
- Red-Breasted Goose (trilateral annual counts on key wintering grounds in Ukraine with simultaneous counts in Bulgaria and Romania);
- Eurasian Curlew - counts on key breeding site in Kherson oblast (2016)

2. During 2015-2016 data for 25 IBAs were updated, among them IBA UA019 "Supij marsh". There was developed a management plan for restoration of that IBA. Database of all existing IBAs was made and partially updated

3. During 2015-2016 USPB took part in the Second European Breeding Bird Atlas researches and achieved good results in it. The most important of them is covering two thirds of the territory of Ukraine by researches, and one third is left. There were organized a training workshop for Ukrainian ornithologists, field surveys in different regions of Ukraine, three expert groups for finding out rare and difficult in identifying species.

#### 54. Has your government provided over the past triennium funds and/or logistical support for

**the International Waterbird Census at international or national level? (Strategic Plan 2009-2017, Objective 3, Target 3.1)**

☒ Yes

**Nationally**

☒ Yes

Please provide details

› The relevant research has been funded through the National Academy of Sciences that is state funded

**Internationally**

☒ Yes

Please provide details

› The relevant research has been funded through the National Academy of Sciences that is state funded

**55. Has your country donated funds to the African-Eurasian Waterbird Monitoring Partnership Fund in the past triennium (Resolution 6.3)?**

☒ No

Please explain reason

› Lack of resources

**56. Has the impact of lead fishing weights on waterbirds been investigated in your country? (AEWA Action Plan, paragraph 4.3.12). When answering this question please also consider question 38 in chapter 5 - Management of human activities.**

☒ No

Are there plans to investigate the impact of lead fishing weights on waterbirds in your country?

☒ No

Please provide reason(s)

› Lack of resources. There were no project applications aimed at study of impact of lead fishing weights on waterbirds.

# Pressures and Responses

## 7. Education and Information

### 7.1. Communication, Education and Public Awareness

**57. Has your country developed and implemented programmes for raising awareness and understanding on waterbird conservation and about AEWA specifically? (Strategic Plan 2009-2017, Objective 4, Target 4.3 and AEWA Action Plan, paragraphs 6.1-6.4, Resolution 3.10, Resolution 5.5)**

☒ Other

Please explain

> There are no specific programmes for raising awareness and understanding on waterbird conservation developed in Ukraine, however, awareness on waterbird conservation related activities are conducted along with actions on the conservation of the Red Data Book of Ukraine, where a number waterbird species are listed.

During annual WMBD and World Wildlife Day celebration various actions have taken place across Ukraine (see. p. 53)

In 2014-2017 bird observations devoted to the International Migratory Bird Day were carried out in the protected areas of Ukraine and outside. The regional branches of USPB organised some of these observations.

**58. Has a National AEWA Focal Point for Communication, Education and Public Awareness (CEPA) been nominated by your country? (Resolution 5.5)**

☒ Yes

Is the National CEPA Focal Point from the government or non-governmental sector?

☒ Non-Governmental

Has the AEWA CEPA Focal Point begun coordinating national implementation of the Communication Strategy?

☒ No

How can the cooperation between the appointed AEWA CEPA Focal Point and the Ramsar CEPA Focal Points be described?

☒ There is some cooperation

**59. Have measures been taken by your country to implement the provisions related to "Education and Information" in the AEWA Action Plan over the last triennium? (AEWA Action Plan, Paragraphs 6.1-6.4)**

☒ Yes

**Please indicate which measures have been taken:**

a. National training programmes have been arranged for personnel responsible for implementing AEWA

☒ No

Please explain the reasons

> Lack of resources

b. Training programmes and materials have been developed in cooperation with other Parties and/or the Agreement Secretariat

☒ Yes

How can the effectiveness of the measures be rated?

☒ Moderate

Please provide details

> Poster with information on Lesser White-fronted Goose (*Anser erythropus*) had been produced under support of AEWA Secretariat and disseminated across Ukraine. Under EU support some AEWA guidelines had been translated into Ukrainian (Guidelines on the development of ecotourism at wetlands, Guidelines for a waterbird monitoring protocol).

c. AEWA related information and training resources have been exchanged with other Parties and/or shared with the Agreement Secretariat

☒ Yes

How can the effectiveness of the measures be rated?

☒ Moderate

☒ Other

Please provide details

› Poster with information on Lesser White-fronted Goose (*Anser erythropus*) had been produced and available for other Parties

d. Specific public awareness campaigns for the conservation of populations listed in Table 1 have been conducted

☒ Yes

How can the effectiveness of the measures be rated?

☒ Moderate

☒ Other

Please provide details

› Poster with Lesser White-fronted Goose (*Anser erythropus*) had been produced and disseminated

**60. Have World Migratory Bird Day (WMBD) activities been carried out in your country during this reporting cycle? (Resolution 5.5)**

☒ Yes

Please describe the activity/activities briefly and upload any sample materials, links or photos available related to the activity/event.

› The bird observations were carried out by some regional branches of Ukrainian Society for the Protection of Birds.

The Ministry of Ecology and Natural Resources of Ukraine has regularly sent a letter to regional authorities encouraging them to celebrate WMBD and a lot of positive feedbacks were received.

**61. Has your country provided funding and/or other support, as appropriate (e.g. expertise, network, skills and resources) towards the implementation of the AEWA Communication Strategy? Please consider both national and international funding and different types of support provided. (Strategic Plan 2009- 2017, Objective 4, Target 4.1 and Resolution 3.10, Resolution 5.5)**

☒ Yes

61.1 Has this funding or support been on the national or international level?

Please provide details in the corresponding box below

☒ National Level Funding and Support

› The political support has been provided on national level from the Ministry of Ecology and Natural Resources by encouraging public actions like annual WMBD celebration. Ukrainian Society for Bird Protection has provided logistical support for CEPA Focal Point.

☒ International Funding and Support (through the UNEP/AEWA Secretariat)

› No support has been provided

61.2 Has your country provided any funding or support towards the implementation of priority communication activities listed in the AEWA Strategic Plan 2009 – 2017 (Resolution 5.5)?

☒ No

Please explain the reasons

› Lack of resources

**62. In Resolution 3.10 the Meeting of the Parties encouraged Contracting Parties to host AEWA Exchange Centres for their respective regions. Has your country considered/shown interest in hosting a Regional AEWA Exchange Centre? (Strategic Plan 2009-2017, Objective 3, Target 2 and Resolution 3.10)**

☒ Not considered yet

Please provide details on the answer given above

› Consultations with relevant institutions should be conducted

**Optionally you can provide additional information on section 7.1. AEWA Communication Strategy**

› CEPA Focal Point will be re-nominated.

# Pressures and Responses

## 8. Implementation

### 64. Has your country approached non-contracting party range states to encourage them to accede to the Agreement? (Resolution 3.10)

Report only on activities over the past triennium

☒ No

Please explain the reasons

> There is no formal provisions on that issues in bilateral agreements between Ukraine and other countries.

### 65. Has your country supported/developed international co-operation projects for the implementation of the Agreement, according to the priorities outlined in the AEWA International Implementation Tasks (IIT) for the current triennium? (Resolution 6.13).

Notice: Before clicking on the above hyperlink, please keep pressing the **Ctrl button** on your keyboard to open the link in a new tab.

☒ Yes

Please list the IIT projects (**see the full roster here**) to which grants have been provided or for which initiatives have been undertaken and briefly provide any relevant information

> 1. During 2015-2016 in collaboration with Coca-Cola Foundation USPB implemented four projects: "Restoring of freshwater ponds on the South of Ukraine" and "More Fresh Water for Thirsty Birds" in order to improve hydrological regime of the lower Dnipro River and the Dnipro-Bug Rivers estuary. The third is "Water Replenishment project. Save the River Kalanchak for Nature and future generations" project. The purpose of the project "Save the River Kalanchak for Birds, for People, for Nature" is to restore mouth of river Kalanchak for stimulation ecosystem and as possibility to keep hydrological regime of river.

The fourth is the "Restoration of the main channel connecting of the flood-plain lake system Kardashinsky with the Chaika river" project.

2. In partnership and with the financial support of the Frankfurt Zoological Society USPB performs the project "Carpathian Primeval Forest Conservation". Project aims to protect 300,000 hectares of natural landscapes in the Carpathians. National nature parks in the Ukrainian Carpathians should be expanded by adding of key massifs of primeval, old-growth and other valuable forests to their territories to ensure better protection from their irreversible destruction. Link: <http://carpathians.birdlife.org.ua/index.php?lang=en>

3. The partnership agreement has been concluded concerning the Life Project "Life for Safe Flight" (LIFE16/NAT/BG00847) between the Bulgarian Society for the Protection of Birds (Bulgaria) and National Nature Park "Tuzlovski Lymany" (Ukraine). The partnership agreement is concluded to the mutual implementation of the Life Project "Conservation of the Red-Breasted Goose along the global flyway".

You have attached the following documents to this answer.

[Tuzli\\_proekt\\_branta.pdf](#) - LIFE project

### 66. Does your country have in place a national coordination mechanism for implementation of AEWA, possibly linking to national coordination mechanisms for other biodiversity Multilateral Environmental Agreements (MEAs)? (Strategic Plan 2009-2017, Objective 5, Target 5.7)

☒ Yes, it is operational on a regular basis

Please provide details

> There is regular exchange of relevant information between the Ministry of Ecology and Natural Resources and relevant research institutions and ecological NGOs

### 67. Has your country concluded, or considered concluding, twinning schemes between sites with other countries, the sites of which share common migratory waterbirds or conservation issues? (Resolution 5.20)

☒ No

### 68. Are those officers in your country's government responsible for AEWA implementation co-ordinated and engaged with national processes to implement and to assess delivery of the CBD Strategic Plan 2011 - 2020 including the Aichi targets?

☒ Yes

Please provide details

> AEWA and CBD Focal Points work in the same Ministry of Ecology and Natural Resources and exchange relevant information on how to implement the CBD Strategic Plan 2011-2020 including Aichi target on a regular basis

**71. How would your country suggest promoting further links between the biodiversity MEAs to which your country is a Contracting Party, so as to make your work more efficient and effective?**

› To have more information and documentation in Russian

**72. Has your country donated funds to the AEWA Small Grants Fund over the past triennium? (Strategic Plan 2009-2017, Objective 5, Target 5.4)**

☒ No

Please explain the reasons

› Lack of resources

**73. Has your country donated other funding or provided in-kind support to activities coordinated by the Secretariat?**

☒ No

Please explain the reasons

› Lack of funds and resources

**74. Please report on the implementation of Resolution 6.21 on Resource mobilisation for the implementation of AEWA.**

**74.1 Did your country's government provide in the last triennium financial and/or in-kind resources to support national activities which are intended to achieve the objectives of this Agreement, particularly those in line with the AEWA Strategic Plan including the AEWA Plan of Action for Africa, and in accordance with your national plans, priorities and programmes?**

☒ No

Please explain the reasons

› Lack of resources

**74.2 Does your country's government have unpaid dues to the AEWA Trust Fund (annual assessed contributions to the Agreement's budget as approved by each session of the Meeting of the Parties)?**

☒ No

**74.3 Has your country's government provided funding to support developing countries, in particular least developed countries and small island developing States, as well as countries with economies in transition, to meet their obligations under AEWA, and the implementation of the AEWA Plan of Action for Africa 2012-2017? Under this question please report for support provided outside of formal and established intergovernmental cooperation. For the latter, please refer to the next question 74.4.**

☒ No

**74.4 Does your country's government participate in any South-South, North-South or triangular cooperation to enhance financial and technical support for the successful implementation of AEWA activities?**

☒ No

Please explain the reasons

› Lack of resources

**74.5 Does your country's government use innovative financing mechanisms for implementing the AEWA Strategic Plan such as a (national) Migratory Waterbirds Fund?**

☒ No

Please explain the reasons

› State Environmental Fund is used

**74.6 Does the implementation of AEWA in your country benefit from synergies between biodiversity-related conventions at national level, amongst others, through information sharing on potential funding opportunities and sharing of financial resources such as the Desertification Fund, Green Climate Fund, the Adaptation Fund, and the Global Environmental**

**Facility?**

☒ Yes

Please describe each synergetic arrangement and acquired benefits

> There is ongoing process of development of the Emerald Network in Ukraine in the framework of the Bern Convention. Availability waterbirds or their important habitats are the criteria to designate an Emerald site

## Pressures and Responses

### 9. Climate Change

#### **75. Please outline relevant climate change research, assessments and/or adaptation measures that are relevant to migratory waterbirds and which have been undertaken or planned in your country. (Resolution 5.13)**

a. Research and studies of climate change impacts on waterbirds

☒ Undertaken

Please provide references or weblinks to any such work so as to facilitate their use as potential case-studies to assist other Contracting Parties

> During 2015-2016 in collaboration with Coca-Cola Foundation USPB implemented four projects: "Restoring of freshwater ponds on the South of Ukraine" and "More Fresh Water for Thirsty Birds" in order to improve hydrological regime of the lower Dnipro River and the Dnipro-Bug Rivers estuary. It helps to improve water supplement for many bird species and the biodiversity of this territory will increase. The third is "Water Replenishment project. Save the River Kalanchak for Nature and future generations" project. The purpose of the project "Save the River Kalanchak for Birds, for People, for Nature" is to restore mouth of river Kalanchak for stimulation ecosystem and as possibility to keep hydrological regime of river. The river Kalanchak is significant water object located in the frame of Syvash lowland, Kalanchak district, Kherson region. The fourth project "Restoration of the main channel connecting of the flood-plain lake system Kardashinsky with the Chaika river" is aimed at accelerating the cleaning power of soil infiltration aquifer; reducing greenhouse gases; practical elimination of external inflow of contaminants from the surrounding flooded areas and settlements; improvement of water and environmental sustainability of the territory; development of green and ecological tourism; enrichment of native fish diversity and increasing their productivity as food for local populations; improving environmental monitoring.

b. Assessment of the potential vulnerability to climate change of key habitats used by waterbird species (including those outside protected area networks) (Please note that the question asks about habitats, rather than sites. Question 27 in Section 4, sub-section 4.2 investigates vulnerability of sites to climate change)

☒ Undertaken

Please provide references or weblinks to any such work so as to facilitate their use as potential case-studies to assist other Contracting Parties

> In the framework of the project "Integrating Climate Change into Vulnerable Ecosystems Management: natural parks in wetlands and forest areas (Ukraine)" the popular science book "Vulnerable Ecosystems of Polissya Reserve and Its Neighborhood under Condition of Global Warming: Problems and Solutions" was published.

c. Assessment of the potential vulnerability of waterbird species to climate change.

☒ Undertaken

Please provide references or weblinks to any such work so as to facilitate their use as potential case-studies to assist other Contracting Parties

> Some assessments for several bird species (e.g. *Ciconia nigra*) have been made by the Azov-Black Sea Ornithological Station

d. Review of relevant national conservation policies relevant to waterbirds and climate change.

☒ Planned

Please provide details

> It is planned to formulate relevant directions and tasks in the framework of national conservation policies. According to the Decree of the Cabinet of Ministers "On Adoption of a Plan for Implementation of the State Policy on Climate Change for the period 2030" of 6 December 2017. There is an action 21 on ensuring of inclusion of measures for adaptation to climate changes to the management plans of protected areas.

e. National Action Plan for helping waterbirds adapt to climate change (as a separate implementation process or as part of a larger national framework for biodiversity adaptation to climate change. Please note that Question 28 in Section 4, sub-section 4.2 investigates national measures for increasing resilience of the ecological network for waterbirds to climate change).

☒ No relevant activities

Please explain the reasons

› Additional studies are needed

f. Other undertaken or planned relevant activities.

☒ No

**76. Has your country used the AEWA Guidelines on measures needed to help waterbirds to adapt to climate change?**

☒ No

Please explain the reasons. What other guidance has been used instead?

› The guidelines is planned to translate into Ukrainian for further usage. Some approaches on how to analyse the impact of climate change on birds are contained in scientific papers (e.g. H.V. Fesenko, M.O. Kaliuzhna, S.V.Khomenko, 2012) which can be used as appropriate.

## **Pressures and Responses**

### **10. Avian Influenza**

**77. What issues have proved challenging in responding nationally to the spread of the Highly Pathogenic Avian Influenza (HPAI) in the last triennium and what further guidance or information would be useful in this respect?**

**77.1 List challenges**

> No substantial challenges to the spread of the Highly Pathogenic Avian Influenza were noted in the last triennium.

**77.2 List required further guidance or information**

> More scientifically justified information on HPAI (case studies, one of Technical Series issues etc.) in different languages relevant to AEWA area and country with high HPAI risk.

Support development and arrangement of waterbird monitoring as potential carrier of avian influenza and other diseases of man and animals in the Azov-Black Sea region

Promotion of cooperation between ornithologists and veterinarian specialists.

Assistance in arrangement of testing area at the Azov-Black Sea Ornithological Station to implement pilot projects on study of waterbirds as potential disease carriers.

## **11. Confirmation**

### **Confirmation of information verification and approval for submission**

#### **Please confirm:**

In addition a scanned copy of an official letter from the relevant state institution, approving the report for submission, can be attached.

☒ I declare that the information provided in the Report on the implementation of AEWA for the period 2015-2017 has been verified and the report has been approved for submission by the appropriate state institution in the country.

#### **Date of submission**

> 13 July 2018
