

Report on the implementation of AEWA for the period 2009-2011

The format for reports on the implementation of the Agreement on the Conservation of African-Eurasian Migratory Waterbirds (AEWA) for the period 2009-2011 was approved at the 4th session of the Meeting of the Parties (15-19 September 2008, Antananarivo, Madagascar) by Resolution 4.7. Further amendments were endorsed by the Standing Committee in August 2011 in accordance with operative paragraph 11 of Resolution 4.7. This format has been constructed following the AEWA Action Plan, the AEWA Strategic Plan 2009-2017 and resolutions of the Meeting of the Parties (MOP).

In accordance with Article V.1(c) of the Agreement on the Conservation of African-Eurasian Migratory Waterbirds, each Party shall prepare to each ordinary session of the MOP a National Report on its implementation of the Agreement and submit that report to the Agreement Secretariat not later than 120 days before the session of the MOP. The 5th Session of the Meeting of the Parties (MOP5) is taking place on 14-18 May 2012 in La Rochelle, France; therefore **the deadline for submission of National Reports is 14 January 2012.**

The AEWA National Reports 2009-2011 will be compiled and submitted through the CMS Family Online Reporting Facility, which is an online reporting tool for the whole CMS Family. However, AEWA will be the first of the CMS-related treaties to use the CMS Family Online Reporting System for its reporting to MOP5. The CMS Family Online Reporting System was developed in 2010-2011 by the UNEP-World Conservation Monitoring Centre (UNEP-WCMC) in close collaboration with and under the guidance of the UNEP/AEWA Secretariat.

As a new product, the system may still need some refining and improving, we therefore request your understanding: any feedback or suggestions on your side would be greatly appreciated.

The online reporting system offers flexibility and versatility superior to the previously used paper-based reporting and the UNEP/AEWA Secretariat hopes that the Parties will find it to be more convenient and efficient. In particular, it will make information more easily accessible and also enhance ways of using it. In this context, Resolution 4.7 also requests UNEP to assist in the development of an analytical tool and calls upon Parties to support this initiative and provide financial resources and thus strengthen the online format for national reporting in collaboration with UNEP-WCMC. The online reporting system brings national reporting to a different level, enabling the information provided to be used much more effectively; it also serves as a tool for self-assessment by Parties. In addition, it can help to enhance cooperation and coordination between various stakeholders in your country by making the national reporting more of a collective, collaborative and continuous process.

To contact the UNEP/AEWA Secretariat please send your inquiries to aewa_national_reporting@unep.de.

1. General Information

Name of reporting Contracting Party

> Georgia

Date of entry into force of AEWA in the Contracting Party

> 01.08.2001

List any reservations that the Contracting Party has made (if any) upon deposition of its instruments of accession on provisions of the Agreement or its Action Plan in accordance with Article XV of AEWA

> None

2. Institutional Information

Please update information on the National AEWA Administrative Authority, the National Focal Points, the Designated National Respondent and the other contributors to this report.

Designated National AEWA Administrative Authority

Full name of the institution

› Ministry of Environment Protection of Georgia

Name and title of the head of institution

› Mr. George Khachidze, Minister

Mailing address - Street and number

› 6 Gulua str

Postal code

› PC: 0114

City

› Tbilisi

Country

› Georgia

Telephone

› (+995 32) 272 72 31

Fax

Designated National Respondent (DNR) in charge of the compilation and submission of the AEWA National Report 2009-2011

Please select from the list below as appropriate.

☒ The National Focal Point (NFP) has been designated as the National Respondent

Other contributors to the AEWA National Report 2009-2011

Please list the names and affiliations (institution, organisation) of the other contributors to this reports

› Ilia State University of Georgia; Institute of Ecology

Status

3. Species Status

Please select from the drop-down list below only the species that occur in your country

AEWA Species - *Gavia stellata* / Red-throated Diver

English Common name(s):

Red-throated Diver, Red-throated Loon

French Common name(s):

Plongeon catmarin

Confirmation of species occurrence

Please confirm the occurrence of the species in the country

☒ The species occurs in the country

Native or non-native species

Please confirm whether the species is native or non-native to your country

☒ Native

AEWA Table 1 Categorisation

Please indicate the AEWa Table 1 category(ies) applicable to the population(s) of this species occurring in the country.

☒ Column B - Category 1

Species Status - Breeding

Does the species occur in the country during the breeding period?

☒ No

Species Status - Passage

Does the species occur in the country during the passage period?

☒ Yes

Are quantitative estimates for the passage numbers available?

☒ No

Please provide a qualitative estimate for the passage numbers

☒ Regular, but small numbers

Species Status - Non-breeding/wintering

Does the species occur in the country during the non-breeding/wintering period?

☒ No

Legal Status

(measures as per paragraph 2.1.1 of the AEWa Action Plan - applicable to species with populations listed on Column A of the AEWa Table 1)

Taking of birds and eggs prohibited

☒ Yes

Deliberate disturbance prohibited

☒ Yes

Possession or utilization of, and trade in, birds, eggs or any readily recognisable parts or derivatives prohibited

☒ Yes

Legal Status

(measures as per paragraph 2.1.2 of the AEWA Action Plan - applicable to species with populations listed on Column B of the AEWA Table 1)

Taking of birds and eggs during reproductive or rearing period and pre-nuptial migration prohibited

☒ Yes

Regulated modes of taking in place

☒ No

Established limits of taking (birds or eggs per hunter per day or season)

☒ No

Prohibited possession or utilization of, and trade in, birds and eggs of the populations which have been taken in contravention of any prohibition laid down pursuant to the provisions of paragraph 2.1.2 of the AEWA Action Plan (i.e. in the reproductive or rearing period, pre-nuptial migration, using modes of taking that are under regulation, and excess over the limits) as well as the possession or utilization of, and trade in, any parts of such birds and their eggs

☒ No

National Red List Status

Is a National Red List of threatened species maintained in your country?

☒ Yes

Do National Red Lists have a legal status in your country?

☒ Yes

Latest assessment

Indicate the category of the species on the National Red List. If your national categories differ from these ones, indicate those which most closely correspond to them.

☒ Not Assessed

Year

> 2003

☒ No

Pressures and Responses

4. Species Conservation

4.1 Legal Measures

1. Were any exemptions granted to the prohibitions laid down in paragraphs 2.1.1 and 2.1.2 of the AEWA Action Plan? (AEWA Action Plan, paragraph 2.1.3)

☒ No

4.2 Single Species Action Plans

2. Please report on the progress of turning the International Single Species Action Plans (ISSAP), for species whose populations are listed on Column A of Table 1, developed under or recognised by AEWA, into National Single Species Action Plans (NSSAP). (AEWA Action Plan, paragraph 2.2)

Please clarify the relevance of the AEWA International Single Species Action Plans or the other recognised plans (Dalmatian Pelican, Pygmy Cormorant, Red-breasted Goose, Marbled Teal, Slender-billed Curlew and Audouin's Gull) to your country

☒ At least one of the International Single Species Action Plans is relevant

Please report on each relevant ISSAP

National Single Species Action Plan for *Oxyura leucocephala* / White-headed Duck

For *Oxyura leucocephala* / White-headed Duck

☒ No NSSAP

Please explain the reasons

> Birdlife International developed with regional partners one unified Regional Action Plan for threatened water bird species.

3. Do you have in place or are you developing a National Single Species Action Plan for any species/population for which an AEWA ISSAP has not been developed? (AEWA Action Plan, paragraph 2.2.2)

☒ No

4. Did you use the AEWA Guidelines for the preparation of National Single Species Action Plans for migratory waterbirds?

☒ No

Please explain the reasons. What has been used instead as a basis for the preparation of NSSAPs?

> Regional Action Plan developed for the threatened water bird species was developed by Birdlife International in accordance with the Birdlife International guidelines.

4.3 Emergency Measures

5. Please report on any emergency situation that has occurred in your country over the past triennium and has threatened waterbirds. (AEWA Action Plan, paragraph 2.3)

Please indicate whether an emergency situation threatening waterbirds, such as botulism, chemical pollution, earthquake, extreme weather, fire, harmful algal bloom, infectious disease, introduction of alien species, lead poisoning, nuclear accident, oil spill, predation, volcanic activity, war or other emergency (please specify), has occurred in the country over the past triennium

☒ No emergency situation has occurred

6. Are there any other emergency measures, which were not mentioned above, but were developed and are in place in your country?

☒ No

7. Did you use the AEWA Guidelines on identifying and tackling emergency situations for migratory waterbirds?

☒ No

4.4 Re-establishments

8. Is there a regulatory framework for re-establishments of species, including waterbirds, in your country (AEWA Action Plan, paragraph 2.4)?

☒ No

9. Are you maintaining a national register of re-establishment projects occurring or planned to occur wholly or partly within your country? (Resolution 4.4)

☒ No

10. Has your country considered, developed or implemented re-establishment projects for any species listed on AEWA Table 1? (AEWA Action Plan, paragraph 2.4)

☒ No

4.5 Introductions

11. Does your country have legislation in place, which prohibits the introduction of non-native species of animals and plants, which may have a detrimental effect? (AEWA Action Plan, paragraph 2.5.1)

☒ Yes, and being enforced

Please provide the following details: title of legislation, year of adoption, institution that adopted it, institution that enforces it

› This issue is regulated by the Convention on Biodiversity and Act of Georgia on Wildlife. The Act was adopted in 1996 by the Parliament of Georgia and is implemented by the Ministry of Environment.

12. Has your country introduced requirements to zoos, private collections, etc. in order to avoid the accidental escape of captive birds belonging to non-native species? (AEWA Action Plan, paragraph 2.5.2)

☒ No

13. Does your country have in place a National Action Plan for Invasive Species (NAPIS) (in the framework of other MEAs, such as CBD, Bern Convention, and GISP (Global Invasive Species Programme) (Strategic Plan 2009-2017, Objective 1, Target 5)?

☒ No

Please explain the reasons

› Not yet developed

14. Has an eradication programme been considered, developed or implemented for any non-native waterbird species in your country?

☒ No

Please explain the reasons

› Non native waterbirds are recorded in Georgia

15. Did you use the AEWA Guidelines on avoidance of introductions of non-native waterbird species?

☒ No

Please explain the reasons. What was used instead as a basis for dealing with the issue?

› Non native waterbirds are recorded in Georgia

Pressures and Responses

5. Habitat Conservation

5.1 Habitat Inventories

16. Has your country identified the network of all sites of international and national importance for the migratory waterbird species/populations listed on Table 1? (AEWA Action Plan, paragraph 3.1.2)

☒ Yes

You have attached the following documents to this answer.

[GeolBA.xls](#)

Please provide full reference, e.g. title, year, authors, etc. or a web link

>

<http://www.birdlife.org/datazone/sitesearchresults.php?reg=7&cty=80&sn=&fc=&cri=&fam=0&gen=0&spc=&cmn=&hab=&thr=&bir=>

You have attached the following Web links/URLs to this answer.

<http://www.birdlife.org/datazone/sitesearchresults.php?reg=7&cty=80&sn=&fc=&cri=&fam=0&gen=0&spc=&cmn=&hab=&thr=&bir=>

17. If your country has identified or is currently identifying the networks of sites of international and national importance, have you used the AEWA Guidelines on the preparation of site inventories for migratory waterbirds?

☒ No

Please explain the reasons. What has been used instead as a basis for the inventory?

> Birdlife International identified with national partners IBA network using Birdlife International guidelines

5.2. Conservation of Areas

18. Which sites that were identified as important, either internationally or nationally, for Table 1 migratory waterbird species/populations have been designated as protected areas under the national legislation and have management plans that are being implemented? (AEWA Action Plan, paragraph 3.2.1)

Please report on both internationally and nationally important sites

☒ Reporting on designation and management of internationally important sites

All sites of international importance

Total number

> 9

Total area (ha)

> 83532

Out of the above total: number of protected sites

> 7

Out of the above total: protected area (ha)

> 75473

Number of protected sites with management plans in place which are being implemented

> 2

Area under protection (in ha) covered by management plans which are being implemented

> 66043

19. Has your country used the AEWA Guidelines on the management of key sites for migratory waterbirds?

☒ No

Please explain the reasons. What guidance has been used instead?

› Birdlife International identified with national partners IBA network using Birdlife International guidelines

20. Have you accessed and used the Critical Site Network (CSN) Tool for the AEWA area?

☒ No

Pressures and Responses

6. Management of Human Activities

6.1. Hunting

21. Does your country have an established system for the collection of harvest data, which covers the species listed in Table 1? (AEWA Action Plan, paragraph 4.1.3)

☒ No

Please explain the reasons

› Development of National Biodiversity Monitoring System is underway for the time being. It will cover also AEWA species, but it would take some more time.

Field for additional information (optional)

› The information on hunting levels related to the waterbirds is not complete, because the only mechanism of controlling the hunting levels is the Environmental Inspectorate, which cannot collect the information all over the country.

22. Has your country phased out the use of lead shot for hunting in wetlands? (AEWA Action Plan, paragraph 4.1.4)

☒ Not applicable

Please explain the reasons

› This is a complex issue, which demands legislative and administrative changes in all related fields, such as hunting guns, education, etc.

23. Are there measures in your country to reduce/eliminate illegal taking? (AEWA Action Plan, paragraph 4.1.6)

☒ Yes

How would you rate the effectiveness of the measures?

☒ Moderate

Please provide details

› Some measures to increase capacity of controlling bodies have been undertaken, such as trainings, technical equipment.

24. Has your country used the AEWA Guidelines on sustainable harvest of migratory birds?

☒ No

Please explain the reasons. What other guidance has been used instead?

› There were attempts to apply some activities according to the guidelines, but taking into account the reorganization in the ministries (The Ministry of Environment Protection and Natural Resources of Georgia has been transformed into the Ministry of Environment Protection, while Natural Resources are now attached to the Ministry of Energy as a separate Department), all activities connected to natural resources have been temporarily stopped.

6.2. Other human activities

25. Does your country have legislation in place, which provides for Strategic Environmental Assessment/Environmental Impact Assessment (SEA/EIA) of activities potentially negatively affecting natural habitats or wildlife? (AEWA Action Plan, paragraph 4.3.1)

☒ Yes and being implemented

Do the SEA/EIA processes consider waterbirds and habitats on which they depend?

☒ Yes

Please provide details

› New laws have been adopted. Those are:

A Law on Ecological Expertise and a Law on Environmental Impact Permit, which regulate the permit issuing procedures of the Law on Environmental Permits and the Law on State Ecological Expertise

Do the SEA/EIA processes include public participation?

☒ Yes

Field for additional information (optional)

› SEAs are not applicable in Georgia, while EIA-s are implemented.

26. In the last three years, has your country used SEA/EIA for all relevant projects to assess the impact of proposed projects on migratory waterbird species listed on table 1 and/or habitats/sites on which they depend? (AEWA Action Plan, paragraph 4.3.1)

☒ Yes, all proposed projects

27. Is by-catch of waterbirds in fishing gear taking place in your country? (Resolution 3.8)

☒ No

Please provide details

› Very rare cases of sea gull by-catches.

28. Has your country undertaken steps towards the adoption/application of measures to reduce the incidental catch of seabirds and combat Illegal Unregulated and Unreported (IUU) fishing practices in the Agreement area? (Resolution 3.8)

☒ Not applicable

Pressures and Responses

7. Research and Monitoring

29. Does your country have waterbird monitoring schemes for the AEWA species in place? (Strategic Plan 2009-2017, Objective 3, Target 2)

☒ No

Please explain the reasons

› National Biodiversity Strategy is developed for 2005-2015, which covers AEWA species as well. No separate Strategic Plans for AEWA species is in force in Georgia.

Field for additional information (optional)

› A National Biodiversity Monitoring System is under development at the Ministry (at the initial stage).

30. Have you used the AEWA Guidelines for a waterbird monitoring protocol?

☒ No

Please explain the reasons. What guidance has been used instead?

› No waterbird monitoring program is not carried out yet.

31. List (or provide links to lists) of research related to waterbirds and their conservation that has been undertaken or results published in the past triennium (Strategic Plan 2009-2017, Objective 3, Target 5)

› Collaborative project between Ilia State University(Georgia), Erasmus Medical Center(Netherlands) and Cambridge University(UK) has been implementing Since 2008. for additional please contact Zura Javakhishvili at zurab.javakhishvili.1@iliauni.edu.ge or Nicola Lewis at nsl25@cam.ac.uk

32. Has your government provided over the past triennium funds and/or logistical support for the International Waterbird Census at international or national level? (Strategic Plan 2009-2017, Objective 3, Target 1)

☒ No

Pressures and Responses

8. Education and Information

8.1. AEWA Communication Strategy

33. Has your country developed and implemented programmes for raising awareness and understanding on waterbird conservation and about AEWA? (Strategic Plan 2009-2017, Objective 3, Target 3 and AEWA Action Plan, paragraphs 6.1-6.4)

☒ No

Please explain the reasons

› Programs on raising awareness about AEWA

34. Has your country provided funding and other support, as appropriate (e.g. expertise, network, skills and resources), secured for the implementation of the AEWA Communication Strategy? (Strategic Plan 2009-2017, Objective 3, Target 1 and Resolution 3.10)

☒ No

35. In Resolution 3.10 the Meeting of the Parties encouraged Contracting Parties to host AEWA Exchange Centres for their respective regions. Has your country considered/shown interest in hosting a Regional AEWA Exchange Centre? (Strategic Plan 2009-2017, Objective 3, Target 2 and Resolution 3.10)

☒ Not considered yet

36. Training for CEPA (Communication, Education and Public Awareness) at national level is supposed to be conducted by staff, which has been trained in the framework of the AEWA Training of Trainers programme. Has such training taken place in your country in the past triennium? (Strategic Plan 2009-2017, Objective 3, Target 2)

Applicable only for countries in regions where Training of Trainers programme has taken place

☒ No

Pressures and Responses

9. Implementation

37. Has your country approached non-contracting parties to encourage them to ratify the Agreement? (Resolution 3.10)

Report only on activities over the past triennium

☒ No

38. Has your country supported/developed international co-operation projects for the implementation of the Agreement, according to the priorities outlined in the AEWA International Implementation Tasks (IIT) for the current triennium? (Resolution 3.11)

☒ No

39. Has your country resourced the AEWA Small Grants Fund over the past triennium? (Strategic Plan 2009-2017, Objective 5, Target 5)

☒ No

40. Does your country have in place a national coordination mechanism for implementation of AEWA, possibly linking to national coordination mechanisms for other biodiversity Multilateral Environmental Agreements (MEAs)? (Strategic Plan 2009-2017, Objective 5, Target 8)

☒ No

Pressures and Responses

10. Avian Influenza

43. Have you visited and used as a reference the AIWEb (the Avian Influenza, Wildlife and the Environment web site)?

☒ No

Optionally you can provide additional information on section 10. Avian Influenza

› Collaborative project between Ilia State University(Georgia), Erasmus Medical Center(Netherlands) and Cambridge University(UK) has been implementing Since 2008. for additional please contact Zura Javakhishvili at zurab.javakhishvili.1@iliauni.edu.ge or Nicola Lewis at nsl25@cam.ac.uk

11. Confirmation

Confirmation of information verification and approval for submission

Please confirm:

In addition a scanned copy of an official letter from the relevant state institution, approving the report for submission, can be attached.

☒ I declare that the information provided in the Report on the implementation of AEWA for the period 2009-2011 has been verified and the report has been approved for submission by the appropriate state institution in the country.

Date of submission

> February 2, 2012
