

# Report on the implementation of AEWA for the period 2009-2011

The format for reports on the implementation of the Agreement on the Conservation of African-Eurasian Migratory Waterbirds (AEWA) for the period 2009-2011 was approved at the 4th session of the Meeting of the Parties (15-19 September 2008, Antananarivo, Madagascar) by Resolution 4.7. Further amendments were endorsed by the Standing Committee in August 2011 in accordance with operative paragraph 11 of Resolution 4.7. This format has been constructed following the AEWA Action Plan, the AEWA Strategic Plan 2009-2017 and resolutions of the Meeting of the Parties (MOP).

In accordance with Article V.1(c) of the Agreement on the Conservation of African-Eurasian Migratory Waterbirds, each Party shall prepare to each ordinary session of the MOP a National Report on its implementation of the Agreement and submit that report to the Agreement Secretariat not later than 120 days before the session of the MOP. The 5th Session of the Meeting of the Parties (MOP5) is taking place on 14-18 May 2012 in La Rochelle, France; therefore **the deadline for submission of National Reports is 14 January 2012.**

The AEWA National Reports 2009-2011 will be compiled and submitted through the CMS Family Online Reporting Facility, which is an online reporting tool for the whole CMS Family. However, AEWA will be the first of the CMS-related treaties to use the CMS Family Online Reporting System for its reporting to MOP5. The CMS Family Online Reporting System was developed in 2010-2011 by the UNEP-World Conservation Monitoring Centre (UNEP-WCMC) in close collaboration with and under the guidance of the UNEP/AEWA Secretariat.

As a new product, the system may still need some refining and improving, we therefore request your understanding: any feedback or suggestions on your side would be greatly appreciated.

The online reporting system offers flexibility and versatility superior to the previously used paper-based reporting and the UNEP/AEWA Secretariat hopes that the Parties will find it to be more convenient and efficient. In particular, it will make information more easily accessible and also enhance ways of using it. In this context, Resolution 4.7 also requests UNEP to assist in the development of an analytical tool and calls upon Parties to support this initiative and provide financial resources and thus strengthen the online format for national reporting in collaboration with UNEP-WCMC. The online reporting system brings national reporting to a different level, enabling the information provided to be used much more effectively; it also serves as a tool for self-assessment by Parties. In addition, it can help to enhance cooperation and coordination between various stakeholders in your country by making the national reporting more of a collective, collaborative and continuous process.

To contact the UNEP/AEWA Secretariat please send your inquiries to [aewa\\_national\\_reporting@unep.de](mailto:aewa_national_reporting@unep.de).

## 1. General Information

### Name of reporting Contracting Party

> Republic of Macedonia

### Date of entry into force of AEWA in the Contracting Party

> 01.02.2000

### List any reservations that the Contracting Party has made (if any) upon deposition of its instruments of accession on provisions of the Agreement or its Action Plan in accordance with Article XV of AEWA

> None

## 2. Institutional Information

Please update information on the National AEWA Administrative Authority, the National Focal Points, the Designated National Respondent and the other contributors to this report.

### Designated National AEWA Administrative Authority

Full name of the institution

› Ministry of Environment and Physical Planning

Mailing address - Street and number

› Drezdenska 52

Postal code

› 1000

City

› Skopje

Country

› Macedonia

Telephone

› +389 2 3066-930

Fax

› +389 2 3066-930

E-mail

› infoeko@moe.gov.mk

### Designated National Focal Point (NFP) for AEWA matters

Name and title of the NFP

› Mr. Aleksandar Nastov, Head of Department of Biodiversity

Affiliation (institution, department)

› Ministry of Environment and Physical Planning

Mailing address - Street and number

› Drezdenska 52

Postal code

› 1000

City

› Skopje

Country

› Macedonia

Telephone

› +389 2 30 66 930 ext. 122 or 160

Fax

› +389 2 30 66 931

E-mail

› A.Nastov@moepp.gov.mk

### Designated National Focal Point for AEWA Technical Committee (NFPTC) matters

Name and title of the NFPTC

› Prof. Dr. Branko Micevski, President of MRC, Macedonian Bonn Committee and Bird Protection Macedonia

Affiliation (institution, department)

› Macedonian Ramsar Committee, MRC

Mailing address - Street and number  
> MRC, ASNOM-58-2/4

Postal code  
> 1000

City  
> Skopje

Country  
> Macedonia

Telephone  
> +389 22 432 071

Fax  
> +389 224 32 071

**Designated National Respondent (DNR) in charge of the compilation and submission of the AEWA National Report 2009-2011**

Please select from the list below as appropriate.

☒ The National Focal Point for AEWA Technical Committee (NFPTC) matters has been designated as the National Respondent

## Status

### 3. Species Status

Please select from the drop-down list below only the species that occur in your country

**AEWA Species - *Gavia arctica* / Black-throated Diver**

**English Common name(s):**

Arctic Loon, Black-throated Diver

**French Common name(s):**

Plongeon arctique

#### Confirmation of species occurrence

Please confirm the occurrence of the species in the country

☒ The species occurs in the country

#### Native or non-native species

Please confirm whether the species is native or non-native to your country

☒ Native

## AEWA Species - *Tachybaptus ruficollis* / Little Grebe

### English Common name(s):

Little Grebe

### French Common name(s):

Grébe castagneux, Grébe castagneux

### Confirmation of species occurrence

Please confirm the occurrence of the species in the country

☒ The species occurs in the country

### Native or non-native species

Please confirm whether the species is native or non-native to your country

☒ Native

### AEWA Table 1 Categorisation

Please indicate the AEWA Table 1 category(ies) applicable to the population(s) of this species occurring in the country.

☒ Column C - Category 1

### Species Status - Breeding

Does the species occur in the country during the breeding period?

☒ Yes

### Previous population estimate

Year

> 1999-2000

Population unit

☒ Pairs

Minimum

> 200

Maximum

> 500

Population data quality

☒ Poor

Source of information

### Species Status - Non-breeding/wintering

Does the species occur in the country during the non-breeding/wintering period?

☒ Yes

## AEWA Species - *Podiceps cristatus* / Great Crested Grebe

### English Common name(s):

Great Crested Grebe

### French Common name(s):

Grèbe huppé

### Confirmation of species occurrence

Please confirm the occurrence of the species in the country

☒ The species occurs in the country

### Native or non-native species

Please confirm whether the species is native or non-native to your country

☒ Native

### AEWA Table 1 Categorisation

Please indicate the AEWA Table 1 category(ies) applicable to the population(s) of this species occurring in the country.

☒ Column B - Category 2(c)

### Species Status - Breeding

Does the species occur in the country during the breeding period?

☒ Yes

### Previous population estimate

Year

> 1999-2000

Population unit

☒ Pairs

Minimum

> 200

Maximum

> 500

Population data quality

☒ Moderate

### Species Status - Non-breeding/wintering

Does the species occur in the country during the non-breeding/wintering period?

☒ No

## AEWA Species - *Podiceps grisegena* / Red-necked Grebe

### English Common name(s):

Red-necked Grebe

### French Common name(s):

Grèbe jougris

### Confirmation of species occurrence

Please confirm the occurrence of the species in the country

☒ The species occurs in the country

### Native or non-native species

Please confirm whether the species is native or non-native to your country

☒ Native

### AEWA Table 1 Categorisation

Please indicate the AEWa Table 1 category(ies) applicable to the population(s) of this species occurring in the country.

☒ Column A - Category 3(c)

### Species Status - Breeding

Does the species occur in the country during the breeding period?

☒ Yes

### Previous population estimate

Year

> 1990-2000

Population unit

☒ Pairs

## AEWA Species - *Phalacrocorax carbo* / Great Cormorant

### English Common name(s):

Great Cormorant

### French Common name(s):

Grand Cormoran

### Confirmation of species occurrence

Please confirm the occurrence of the species in the country

☒ The species occurs in the country

### Native or non-native species

Please confirm whether the species is native or non-native to your country

☒ Native

### AEWA Table 1 Categorisation

Please indicate the AEWa Table 1 category(ies) applicable to the population(s) of this species occurring in the country.

☒ Column C - Category 1

### Species Status - Breeding

Does the species occur in the country during the breeding period?

☒ Yes

### Previous population estimate

Year

> 1998-2000

Population unit

☒ Pairs

Minimum

> 400

Maximum

> 600

Population data quality

☒ Poor

### Species Status - Non-breeding/wintering

Does the species occur in the country during the non-breeding/wintering period?

☒ No

# Pressures and Responses

## 4. Species Conservation

### 4.1 Legal Measures

**1. Were any exemptions granted to the prohibitions laid down in paragraphs 2.1.1 and 2.1.2 of the AEWA Action Plan? (AEWA Action Plan, paragraph 2.1.3)**

☒ No

### 4.2 Single Species Action Plans

**3. Do you have in place or are you developing a National Single Species Action Plan for any species/population for which an AEWA ISSAP has not been developed? (AEWA Action Plan, paragraph 2.2.2)**

☒ No

### 4.3 Emergency Measures

**5. Please report on any emergency situation that has occurred in your country over the past triennium and has threatened waterbirds. (AEWA Action Plan, paragraph 2.3)**

Please indicate whether an emergency situation threatening waterbirds, such as botulism, chemical pollution, earthquake, extreme weather, fire, harmful algal bloom, infectious disease, introduction of alien species, lead poisoning, nuclear accident, oil spill, predation, volcanic activity, war or other emergency (please specify), has occurred in the country over the past triennium

☒ No emergency situation has occurred

**6. Are there any other emergency measures, which were not mentioned above, but were developed and are in place in your country?**

☒ No

**7. Did you use the AEWA Guidelines on identifying and tackling emergency situations for migratory waterbirds?**

☒ No

### 4.4 Re-establishments

**8. Is there a regulatory framework for re-establishments of species, including waterbirds, in your country (AEWA Action Plan, paragraph 2.4)?**

☒ No

**9. Are you maintaining a national register of re-establishment projects occurring or planned to occur wholly or partly within your country? (Resolution 4.4)**

☒ No

**10. Has your country considered, developed or implemented re-establishment projects for any species listed on AEWA Table 1? (AEWA Action Plan, paragraph 2.4)**

☒ No

### 4.5 Introductions

**11. Does your country have legislation in place, which prohibits the introduction of non-native species of animals and plants, which may have a detrimental effect? (AEWA Action Plan, paragraph 2.5.1)**

☒ Yes, but not being enforced properly or at all

**12. Has your country introduced requirements to zoos, private collections, etc. in order to avoid the accidental escape of captive birds belonging to non-native species? (AEWA Action Plan, paragraph 2.5.2)**

☒ No

**13. Does your country have in place a National Action Plan for Invasive Species (NAPIS) (in the framework of other MEAs, such as CBD, Bern Convention, and GISP (Global Invasive Species Programme) (Strategic Plan 2009-2017, Objective 1, Target 5)?**

☒ Being developed

**14. Has an eradication programme been considered, developed or implemented for any non-native waterbird species in your country?**

☒ No

**15. Did you use the AEWA Guidelines on avoidance of introductions of non-native waterbird species?**

☒ No

## **Pressures and Responses**

### **5. Habitat Conservation**

#### **5.1 Habitat Inventories**

**16. Has your country identified the network of all sites of international and national importance for the migratory waterbird species/populations listed on Table 1? (AEWA Action Plan, paragraph 3.1.2)**

☒ No

## Pressures and Responses

### 6. Management of Human Activities

#### 6.1. Hunting

**21. Does your country have an established system for the collection of harvest data, which covers the species listed in Table 1? (AEWA Action Plan, paragraph 4.1.3)**

☒ Yes

Field for additional information (optional)

> The Sector for Forest and Hunting and the State Inspectorate of Hunting by the Ministry of Agriculture, Forestry and Water Economy.

They report annually to the Macedonian Government and periodically to the Administration for Environment-Sector of Nature and State Inspectorate of Environment and Nature Conservation.

**22. Has your country phased out the use of lead shot for hunting in wetlands? (AEWA Action Plan, paragraph 4.1.4)**

☒ Fully

When was the lead shot use in wetlands banned? What legislation is in place? Who does enforce this legislation?

> Legal measures to control hunting of waterbird species and control use of lead shot are regulated by two acts: Act of Nature Protection and Act of Hunting.

#### 6.2. Other human activities

**25. Does your country have legislation in place, which provides for Strategic Environmental Assessment/Environmental Impact Assessment (SEA/EIA) of activities potentially negatively affecting natural habitats or wildlife? (AEWA Action Plan, paragraph 4.3.1)**

☒ No

## **Pressures and Responses**

### **7. Research and Monitoring**

**29. Does your country have waterbird monitoring schemes for the AEWA species in place?  
(Strategic Plan 2009-2017, Objective 3, Target 2)**

☒ No

Please explain the reasons

› Lack of financial or financial support from abroad is wrongly channelized

Field for additional information (optional)

› Sub-regional cooperation in Balkan sub-region especially of waterfowl census and monitoring on the Lake Ohrid, Lake Prespa (Ramsar site), including Strict Nature Reserve Ezerani, and Lake Dojran (Ramsar site), coordinated by the Bird Study and Protection Society of Macedonia (see annual reports, BSPSM).

## **Pressures and Responses**

### **8. Education and Information**

#### **8.1. AEWA Communication Strategy**

**33. Has your country developed and implemented programmes for raising awareness and understanding on waterbird conservation and about AEWA? (Strategic Plan 2009-2017, Objective 3, Target 3 and AEWA Action Plan, paragraphs 6.1-6.4)**

☒ No

Please explain the reasons

> lack of financial support or support from abroad is wrongly directed to organizations without relevant capacities

## Pressures and Responses

### 9. Implementation

#### **37. Has your country approached non-contracting parties to encourage them to ratify the Agreement? (Resolution 3.10)**

Report only on activities over the past triennium

☒ No

Please explain the reasons

> First we should see how it operates in our "home" but seems we got not some support to do something in favor of waterbirds.

Field for additional information (optional)

> WI does not show for the last 20 years some cooperation with relevant NGOs from Macedonia

#### **38. Has your country supported/developed international co-operation projects for the implementation of the Agreement, according to the priorities outlined in the AEWA International Implementation Tasks (IIT) for the current triennium? (Resolution 3.11)**

☒ No

Please explain the reasons

> For the last question you have approval of this what is filled in this form.

Even without this I (B.Micevski) had a lot problems in the past ( with the people from the Ministry) and instead international factors to help they put even more fire to the situation and were looking for other cooperators from Macedonia! So I see your form like looking for somebody who should be sacrificed for aewa.....

#### **39. Has your country resourced the AEWA Small Grants Fund over the past triennium? (Strategic Plan 2009-2017, Objective 5, Target 5)**

☒ No

#### **40. Does your country have in place a national coordination mechanism for implementation of AEWA, possibly linking to national coordination mechanisms for other biodiversity Multilateral Environmental Agreements (MEAs)? (Strategic Plan 2009-2017, Objective 5, Target 8)**

☒ No

## **Pressures and Responses**

### **10. Avian Influenza**

**42. What issues have proved challenging in responding nationally to the spread of the Highly Pathogenic Avian Influenza (HPAI) in the last triennium and what further guidance or information would be useful in this respect?**

List challenges

> ?

**43. Have you visited and used as a reference the AIWEb (the Avian Influenza, Wildlife and the Environment web site)?**

☒ Yes

## **11. Confirmation**

### **Confirmation of information verification and approval for submission**

#### **Please confirm:**

In addition a scanned copy of an official letter from the relevant state institution, approving the report for submission, can be attached.

☒ I declare that the information provided in the Report on the implementation of AEWA for the period 2009-2011 has been verified and the report has been approved for submission by the appropriate state institution in the country.

#### **Date of submission**

> 1 of Jan 2012
