

Report on the implementation of AEWA for the period 2009-2011

The format for reports on the implementation of the Agreement on the Conservation of African-Eurasian Migratory Waterbirds (AEWA) for the period 2009-2011 was approved at the 4th session of the Meeting of the Parties (15-19 September 2008, Antananarivo, Madagascar) by Resolution 4.7. Further amendments were endorsed by the Standing Committee in August 2011 in accordance with operative paragraph 11 of Resolution 4.7. This format has been constructed following the AEWA Action Plan, the AEWA Strategic Plan 2009-2017 and resolutions of the Meeting of the Parties (MOP).

In accordance with Article V.1(c) of the Agreement on the Conservation of African-Eurasian Migratory Waterbirds, each Party shall prepare to each ordinary session of the MOP a National Report on its implementation of the Agreement and submit that report to the Agreement Secretariat not later than 120 days before the session of the MOP. The 5th Session of the Meeting of the Parties (MOP5) is taking place on 14-18 May 2012 in La Rochelle, France; therefore **the deadline for submission of National Reports is 14 January 2012.**

The AEWA National Reports 2009-2011 will be compiled and submitted through the CMS Family Online Reporting Facility, which is an online reporting tool for the whole CMS Family. However, AEWA will be the first of the CMS-related treaties to use the CMS Family Online Reporting System for its reporting to MOP5. The CMS Family Online Reporting System was developed in 2010-2011 by the UNEP-World Conservation Monitoring Centre (UNEP-WCMC) in close collaboration with and under the guidance of the UNEP/AEWA Secretariat.

As a new product, the system may still need some refining and improving, we therefore request your understanding: any feedback or suggestions on your side would be greatly appreciated.

The online reporting system offers flexibility and versatility superior to the previously used paper-based reporting and the UNEP/AEWA Secretariat hopes that the Parties will find it to be more convenient and efficient. In particular, it will make information more easily accessible and also enhance ways of using it. In this context, Resolution 4.7 also requests UNEP to assist in the development of an analytical tool and calls upon Parties to support this initiative and provide financial resources and thus strengthen the online format for national reporting in collaboration with UNEP-WCMC. The online reporting system brings national reporting to a different level, enabling the information provided to be used much more effectively; it also serves as a tool for self-assessment by Parties. In addition, it can help to enhance cooperation and coordination between various stakeholders in your country by making the national reporting more of a collective, collaborative and continuous process.

To contact the UNEP/AEWA Secretariat please send your inquiries to aewa_national_reporting@unep.de.

1. General Information

Name of reporting Contracting Party

> Republic of Moldova

Date of entry into force of AEWA in the Contracting Party

> 01.04.2001

List any reservations that the Contracting Party has made (if any) upon deposition of its instruments of accession on provisions of the Agreement or its Action Plan in accordance with Article XV of AEWA

> None

2. Institutional Information

Please update information on the National AEWA Administrative Authority, the National Focal Points, the Designated National Respondent and the other contributors to this report.

Designated National AEWA Administrative Authority

Full name of the institution

› Natural Resources and Biodiversity Department, Ministry of Environment of the Republic of Moldova

Name and title of the head of institution

› Gheorghe SALARU - minister

Mailing address - Street and number

› Cosmonautilor 9 str.

Postal code

› MD 2005

City

› Chisinau

Country

› Moldova

Telephone

› +37322 204 504

Fax

› +373 22 226858

E-mail

› secretariat@mediu.gov.md

Website

› www.mediu.gov.md

Designated National Focal Point (NFP) for AEWA matters

Name and title of the NFP

› Ms. Ala Rotaru, Head of Natural Resources and Biodiversity Division

Affiliation (institution, department)

› Ministry of Environment

Mailing address - Street and number

› 9 Cosmonautilor Str.

Postal code

› MD 2005

City

Designated National Respondent (DNR) in charge of the compilation and submission of the AEWA National Report 2009-2011

Please select from the list below as appropriate.

☒ The National Focal Point (NFP) has been designated as the National Respondent

Other contributors to the AEWA National Report 2009-2011

Please list the names and affiliations (institution, organisation) of the other contributors to this reports

> Institute of Zoology, Science Academy of Moldova

Status

3. Species Status

Please select from the drop-down list below only the species that occur in your country

AEWA Species - *Tachybaptus ruficollis* / Little Grebe

English Common name(s):

Little Grebe

French Common name(s):

Grébe castagneux, Grèbe castagneux

Confirmation of species occurrence

Please confirm the occurrence of the species in the country

☒ The species occurs in the country

Native or non-native species

Please confirm whether the species is native or non-native to your country

☒ Native

AEWA Table 1 Categorisation

Please indicate the AEWa Table 1 category(ies) applicable to the population(s) of this species occurring in the country.

☒ Column C - Category 1

Species Status - Breeding

Does the species occur in the country during the breeding period?

☒ Yes

☒ No

National Red List Status

Is a National Red List of threatened species maintained in your country?

☒ No

Pressures and Responses

4. Species Conservation

4.1 Legal Measures

1. Were any exemptions granted to the prohibitions laid down in paragraphs 2.1.1 and 2.1.2 of the AEWA Action Plan? (AEWA Action Plan, paragraph 2.1.3)

☒ No

Optionally you can provide additional information on section 4.1. Legal Measures

› Exemptions to the prohibitions laid down in paragraphs 2.1.1 and 2.1.2 are granted through specific authorizations (single use permits) by the State Forest Agency "Moldsilva" (hunting species) and MENR (other birds species) .

4.2 Single Species Action Plans

2. Please report on the progress of turning the International Single Species Action Plans (ISSAP), for species whose populations are listed on Column A of Table 1, developed under or recognised by AEWA, into National Single Species Action Plans (NSSAP). (AEWA Action Plan, paragraph 2.2)

Please clarify the relevance of the AEWA International Single Species Action Plans or the other recognised plans (Dalmatian Pelican, Pygmy Cormorant, Red-breasted Goose, Marbled Teal, Slender-billed Curlew and Audouin's Gull) to your country

☒ None of the International Single Species Action Plans is relevant

3. Do you have in place or are you developing a National Single Species Action Plan for any species/population for which an AEWA ISSAP has not been developed? (AEWA Action Plan, paragraph 2.2.2)

☒ No

4. Did you use the AEWA Guidelines for the preparation of National Single Species Action Plans for migratory waterbirds?

☒ No

Please explain the reasons. What has been used instead as a basis for the preparation of NSSAPs?

› We studied AEWA Guidelines and my country my country has not developed the NSSAP

4.3 Emergency Measures

5. Please report on any emergency situation that has occurred in your country over the past triennium and has threatened waterbirds. (AEWA Action Plan, paragraph 2.3)

Please indicate whether an emergency situation threatening waterbirds, such as botulism, chemical pollution, earthquake, extreme weather, fire, harmful algal bloom, infectious disease, introduction of alien species, lead poisoning, nuclear accident, oil spill, predation, volcanic activity, war or other emergency (please specify), has occurred in the country over the past triennium

☒ No emergency situation has occurred

6. Are there any other emergency measures, which were not mentioned above, but were developed and are in place in your country?

☒ No

7. Did you use the AEWA Guidelines on identifying and tackling emergency situations for migratory waterbirds?

☒ No

Please explain the reasons. What was used instead as a basis for dealing with emergency situations?

› There were no cases of emergency

4.4 Re-establishments

8. Is there a regulatory framework for re-establishments of species, including waterbirds, in your country (AEWA Action Plan, paragraph 2.4)?

☒ Partial

Please provide details

> Law on animal kingdom nr.439 from 27.04.1995 (approved by Parliament)

9. Are you maintaining a national register of re-establishment projects occurring or planned to occur wholly or partly within your country? (Resolution 4.4)

☒ No

Please explain the reasons

> Not clear answer

10. Has your country considered, developed or implemented re-establishment projects for any species listed on AEWA Table 1? (AEWA Action Plan, paragraph 2.4)

☒ No

Optionally you can provide additional information on section 4.4. Re-establishments

> Not clear answer

4.5 Introductions

11. Does your country have legislation in place, which prohibits the introduction of non-native species of animals and plants, which may have a detrimental effect? (AEWA Action Plan, paragraph 2.5.1)

☒ Yes, and being enforced

Please provide the following details: title of legislation, year of adoption, institution that adopted it, institution that enforces it

> Law on animal kingdom nr.439 from 27.04.1995 (approved by Parliament) introductions of the animals is permitted only through the act issued by the central authority in charge of managing natural resources and protecting the environment (MENR).

12. Has your country introduced requirements to zoos, private collections, etc. in order to avoid the accidental escape of captive birds belonging to non-native species? (AEWA Action Plan, paragraph 2.5.2)

☒ Yes, but not being enforced properly or at all

Please provide the following details: title of the document, year of adoption, institution that adopted it, institution that enforces it, including reasons for non-enforcement

> GOVERNMENT DECREE OF REPUBLIC MOLDOVA No. 1107

From September 11, 2003, About the approval of Regulations refer to setting, register, completion, keeping, export and import of collections of animals and plants of wild flora and fauna and LAW about modification and completion of Law No. 439-XII from April 27, 1995 on Animal Kingdom No. 461-XIV from November 20, 2003

Field for additional information (optional)

> According art. 19 (2) of the Law on Animal Kingdom "Transfer of animals in new habitats, the acclimation of some species, new for the state fauna, as well as crossing of animals are permitted through the decision of central authority in charge of managing natural resources and protecting environment."

13. Does your country have in place a National Action Plan for Invasive Species (NAPIS) (in the framework of other MEAs, such as CBD, Bern Convention, and GISP (Global Invasive Species Programme) (Strategic Plan 2009-2017, Objective 1, Target 5)?

☒ No

Please explain the reasons

> We have some objectives on Invasive Species plans in the NBSAP (2011) and have not special National Action Plan for Invasive Species (NAPIS).

14. Has an eradication programme been considered, developed or implemented for any non-native waterbird species in your country?

☒ No

Please explain the reasons

> Some regulations are including in the Law on animal kingdom nr.439 from 27.04.1995 (approved by Parliament)

15. Did you use the AEWA Guidelines on avoidance of introductions of non-native waterbird species?

☒ Yes

Please provide details

> Use, in case of delivery of authorization for import of waterbird species in the Republic of Moldova

Pressures and Responses

5. Habitat Conservation

5.1 Habitat Inventories

16. Has your country identified the network of all sites of international and national importance for the migratory waterbird species/populations listed on Table 1? (AEWA Action Plan, paragraph 3.1.2)

☒ Partially

Please describe the progress

› Some provides are establish in the Law on Animal Kingdom No. 439-XII from April 27 1995

17. If your country has identified or is currently identifying the networks of sites of international and national importance, have you used the AEWA Guidelines on the preparation of site inventories for migratory waterbirds?

☒ Yes

Please provide details

› In the 2011 year Government approved National Programmer for creating a ecological networks for. 2011 - 2018 y.

5.2. Conservation of Areas

18. Which sites that were identified as important, either internationally or nationally, for Table 1 migratory waterbird species/populations have been designated as protected areas under the national legislation and have management plans that are being implemented? (AEWA Action Plan, paragraph 3.2.1)

Please report on both internationally and nationally important sites

☒ Reporting on designation and management of internationally important sites

All sites of international importance

Total number

› 4

Total area (ha)

› 94,705

Out of the above total: number of protected sites

› 4

Out of the above total: protected area (ha)

› 94,705

Number of protected sites with management plans in place which are being implemented

› 1

Examples of best practice (optional)

If any site, in your opinion, represents an outstanding process of management planning or implementation, please highlight it as an example of best practice (alternatively provide a web link or attach a file)

› At present time the Ramsar Sheet for designation of 4rd Ramsar Site in Moldova. "Lord's Forest " site is on the initial stage of preparation. The proposed Ramsar Site is situated in the Middle Prut River Zone.

The progress was made in inventory of 12 Black Sea wetlands situated in Moldova. This Inventory was carried out by Biotica Ecological Society and published in the Directory of Azov-Black Sea Coastal Wetlands. Wetlands International. Directory of Azov-Black Sea Coastal Wetlands. Kyiv: Wetlands Int., 2003. P. 76-93.

19. Has your country used the AEWA Guidelines on the management of key sites for migratory waterbirds?

☒ Yes

Please provide details

› AEWA Guidelines was use for develop of Management Plan for Nistru Inferior wetlands zone.

20. Have you accessed and used the Critical Site Network (CSN) Tool for the AEWA area?

☒ Yes

Pressures and Responses

6. Management of Human Activities

6.1. Hunting

21. Does your country have an established system for the collection of harvest data, which covers the species listed in Table 1? (AEWA Action Plan, paragraph 4.1.3)

☒ Yes

Does it cover the following? (tick where applicable and provide details)

☒ All AEWA species occurring in your country

> All wild birds in Republic of Moldova have protected status. Annual Government approve the modification of the hunting period for all species, with is established by Law on animal kingdom.

22. Has your country phased out the use of lead shot for hunting in wetlands? (AEWA Action Plan, paragraph 4.1.4)

☒ Partially

When was the lead shot use in wetlands banned? What legislation is in place? Who does enforce this legislation? What % of the country's territory is covered by the ban?

> In my country, just started the event to end the use of lead shot for hunting in the wetlands? For this is ongoing communication activities with the hunters. Monthly published a special article in the magazine "Hunter and Angler of Moldova."

Special restrictions will be introduced in the Law on Hunting, which is being to developed this year..

Have you introduced self-imposed and published timetable for banning fully the use of lead shot for hunting in wetlands?

☒ No

Please explain the reasons

> No

23. Are there measures in your country to reduce/eliminate illegal taking? (AEWA Action Plan, paragraph 4.1.6)

☒ Yes

How would you rate the effectiveness of the measures?

☒ Low

Please provide details

> Some measures are included in the Contravention Code of the Republic of Moldove, Nr. 218 from 24.10.2008 (approved by Parliament), art. 128

Field for additional information (optional)

> Special provisions will be included in the Hunting Law, which is elaborated recently

24. Has your country used the AEWA Guidelines on sustainable harvest of migratory birds?

☒ Yes

6.2. Other human activities

25. Does your country have legislation in place, which provides for Strategic Environmental Assessment/Environmental Impact Assessment (SEA/EIA) of activities potentially negatively affecting natural habitats or wildlife? (AEWA Action Plan, paragraph 4.3.1)

☒ Being developed

Please provide starting date and expected finalisation date

> Some measures was included in the 5.Programmer on National Ecological Network Development, 2011-2018(Government Decision nr. 593 din 01.08.2011)(elaborated according the Law on Ecological Network) .
Period for implementation
2011 - 2018.

Field for additional information (optional)

> There is a special decree of the Parliament of Republic of Moldova on a special status of wetlands of international importance. Management and wise use of water resources is regulated by Water Code of Moldova.

The most important measures is that provisions for Ramsar Sites had been included in the national Law on the Fund of Natural Areas protected by the State; the Law and Model Regulations stipulate management planning for Ramsar Sites, based on zoning

26. In the last three years, has your country used SEA/EIA for all relevant projects to assess the impact of proposed projects on migratory waterbird species listed on table 1 and/or habitats/sites on which they depend? (AEWA Action Plan, paragraph 4.3.1)

☒ No (not any)

Please explain the reasons

> Only some information - in the UE project "Created a Emerald Network in the Republic of Moldova"

27. Is by-catch of waterbirds in fishing gear taking place in your country? (Resolution 3.8)

☒ No

Please provide details

> It is not permitted by legislation.

In recent years have not detected cases of illegal by-catch of waterbirds in fishing gear taking place in my country

28. Has your country undertaken steps towards the adoption/application of measures to reduce the incidental catch of seabirds and combat Illegal Unregulated and Unreported (IUU) fishing practices in the Agreement area? (Resolution 3.8)

☒ Not applicable

Pressures and Responses

7. Research and Monitoring

29. Does your country have waterbird monitoring schemes for the AEWA species in place? (Strategic Plan 2009-2017, Objective 3, Target 2)

☒ Yes

Covering the breeding period

☒ Partially

Please provide details

> Some measures are including in the Regulations of State monitoring of animal kingdom . Governmental Order (Nr. 1005 from 13.09.2004) and Regulations of State monitoring of protected areas. Governmental Order (Nr. 414 from 02.05.2000)

Covering the passage/migration period

☒ No monitoring schemes in place

Please explain the reasons

> Not provide this especial monitoring.

Covering the non-breeding/wintering period

☒ Partially

Field for additional information (optional)

> The Sciences Academy of Moldova provides the scientific researches according the its Action Plans. These Action Plans are coordinated with the Ministry of Environment. The priorities for research are identified according the National Programs and National Strategies provisions.

The researches on nature conservation are identified according the National Strategy on Biodiversity Conservation.

The National Ecological Found of the Republic of Moldova support in 2010-2011 implementation the project for monitoring of wild animals (including water birds)

National Ecological Found of the Republic of Moldova support in 2010-2011 the project for monitoring of wild animals (including water birds)

30. Have you used the AEWA Guidelines for a waterbird monitoring protocol?

☒ Yes

31. List (or provide links to lists) of research related to waterbirds and their conservation that has been undertaken or results published in the past triennium (Strategic Plan 2009-2017, Objective 3, Target 5)

> 1. Munteanu A., T. Cozari, N. Zubcov, (2006) Lumea animala a Moldovei Păsări III (Animal kingdom of Moldova, Birds III), Chisinau, "Stiinta", 215 pp (rom).

2. Red book of the Republic of Moldova. Ed. II, 2001

32. Has your government provided over the past triennium funds and/or logistical support for the International Waterbird Census at international or national level? (Strategic Plan 2009-2017, Objective 3, Target 1)

☒ Yes

Nationally

☒ Yes

Please provide details

> National Ecological Fund

Internationally

☒ Yes

Please provide details

> Republic of Moldova planned to implement the EU Bird Directive. From these considerations in a.2010 we had support from the EU, which have provided document "Legal Gap Analysis and Action Plan for Implementation of Bird Directive in Moldova." According UE recommendations for implementation of Bird Directive (79/409/EEC) and Energy Community Treaty in Moldova, in 2010 started The Project, "Support to the Implementation of Moldova – EU Agreements". This Project has launched preparation of legal gap assessment of compliance of Molodva's laws with requirements of Bird Directive and on this base proposing the Action Plan for fully implementing the Bird Directive by the 31st December 2010. According these recommendations was elaborate and approved by Parliament a Law nr. 61 din 01.04.2011 for Law on for the completion and modified the Law on Animal Kingdom and Law on Protected Areas with elaboration on criteria for selection of wetlands of international importance in Moldova.

the Law on Animal Kingdom and Law on Protected Areas with elaboration on criteria for selection of wetlands of international importance in Moldova. Now we elaborate Criteria for special areas of migratory birds.

Field for additional information (optional)

> Now we elaborate criteria for selection of wetlands for migratory waterbirds in Moldova.

Pressures and Responses

8. Education and Information

8.1. AEWA Communication Strategy

33. Has your country developed and implemented programmes for raising awareness and understanding on waterbird conservation and about AEWA? (Strategic Plan 2009-2017, Objective 3, Target 3 and AEWA Action Plan, paragraphs 6.1-6.4)

☒ Yes, being implemented

Please list major features of the programmes and details of a contact person for each programme

> International Day for Wetlands is celebrated annually.

The most important state organizations in the field of education are the Institute of Botanic Garden of the Academy of Sciences of Moldova, the Zoological Garden from Chisinau, the National Museum of Ethnography and Natural History, Moldova State University, the Scientific Reserves "Codru" and "Lower Prut", "King Forest". The TV programme "Ave Natura", the radio broadcast "Ecoterra", etc., play an important role in public awareness.

At present, the main periodicals "Natura" (published since 1989) and magazine "Mediul ambiant" cover issues on nature protection and biological diversity conservation.

34. Has your country provided funding and other support, as appropriate (e.g. expertise, network, skills and resources), secured for the implementation of the AEWA Communication Strategy? (Strategic Plan 2009-2017, Objective 3, Target 1 and Resolution 3.10)

☒ No

35. In Resolution 3.10 the Meeting of the Parties encouraged Contracting Parties to host AEWA Exchange Centres for their respective regions. Has your country considered/shown interest in hosting a Regional AEWA Exchange Centre? (Strategic Plan 2009-2017, Objective 3, Target 2 and Resolution 3.10)

☒ Not considered yet

36. Training for CEPA (Communication, Education and Public Awareness) at national level is supposed to be conducted by staff, which has been trained in the framework of the AEWA Training of Trainers programme. Has such training taken place in your country in the past triennium? (Strategic Plan 2009-2017, Objective 3, Target 2)

Applicable only for countries in regions where Training of Trainers programme has taken place

☒ No

Pressures and Responses

9. Implementation

37. Has your country approached non-contracting parties to encourage them to ratify the Agreement? (Resolution 3.10)

Report only on activities over the past triennium

☒ No

Please explain the reasons

› Not clear answer

38. Has your country supported/developed international co-operation projects for the implementation of the Agreement, according to the priorities outlined in the AEWA International Implementation Tasks (IIT) for the current triennium? (Resolution 3.11)

☒ No

Field for additional information (optional)

› If the project will be accorded to Moldova, its certainly will be supported

39. Has your country resourced the AEWA Small Grants Fund over the past triennium? (Strategic Plan 2009-2017, Objective 5, Target 5)

☒ No

Please explain the reasons

› Moldova has not been given such support from AEWA small Fund.

Field for additional information (optional)

› Only for Ramsar wastelands was implemented projects.

40. Does your country have in place a national coordination mechanism for implementation of AEWA, possibly linking to national coordination mechanisms for other biodiversity Multilateral Environmental Agreements (MEAs)? (Strategic Plan 2009-2017, Objective 5, Target 8)

☒ Yes, but it is not operational

Please explain the reasons

› The Environment Agency for implementation in place a national legislation it planned to be created., which would coordinate monitoring and information storage.

In Moldova started, in 2012 y., a grant of GEF- UNDP for elaboration a National Strategy and National Plan for biodiversity 2013 -2020.

41. How would you suggest promoting further links between the biodiversity MEAs to which your country is a Contracting Party, so as to make your work more efficient and effective?

› In our opinion, AEWA documents can be implemented efficiently, in case be elaborated in the synergy with CBD SBSSTA and IPBES international platform. Joint efforts are required from various international biodiversity conventions to develop common strategy of protection of natural ecosystems, particularly aquatic ecosystems, for establish special protected measures for bird species and their habitats.

Pressures and Responses

10. Avian Influenza

42. What issues have proved challenging in responding nationally to the spread of the Highly Pathogenic Avian Influenza (HPAI) in the last triennium and what further guidance or information would be useful in this respect?

List challenges

› Some responsibilities are established in the Law on animal kingdom nr.439 from 27.04.1995.

43. Have you visited and used as a reference the AIWEb (the Avian Influenza, Wildlife and the Environment web site)?

☒ Yes

Field for additional information (optional)

› For information.

11. Confirmation

Confirmation of information verification and approval for submission

Please confirm:

In addition a scanned copy of an official letter from the relevant state institution, approving the report for submission, can be attached.

☒ I declare that the information provided in the Report on the implementation of AEWA for the period 2009-2011 has been verified and the report has been approved for submission by the appropriate state institution in the country.

Date of submission

> 30.01.2012
