

**FIFTH MEETING OF THE STANDING COMMITTEE**  
*24 – 25 June 2008, Bonn, Germany*

---

**ALLOCATION OF FUNDS ACCRUED THROUGH THE  
CONTRIBUTIONS OF NEW CONTRACTING PARTIES**

**INTRODUCTION**

At the second session of the Meeting of the Parties it was agreed that each Party should contribute to the budget as adopted in Resolution 2.7. Furthermore, it was agreed that the contributions as laid down in the Appendix to Resolution 2.7 should be fixed by the next ordinary session of the Meeting of the Parties.

During the third session of the Meeting of Parties it was decided to split the budget into three pillars:

- The first pillar, dealing with core activities, would be fully funded by the annual contributions of existing Contracting Parties.
- Pillars 2 and 3 should be covered by the contributions of new Parties and/ or by voluntary counterpart contributions.

MOP3 decided to adhere to the decision taken by MOP2, Resolution 2.7 regarding the contributions of new Parties. A small amendment was agreed upon, whereby the assessed contribution for each new party for 3 full years would be set aside and allocated to cover part of the costs of pillars 2 and/ or 3 before being used to cover the costs of the Core Budget, as laid down in pillar 1.

Since 1 January 2003 the number of Contracting Parties has grown from 33 to 59<sup>1</sup>.

At the previous Standing Committee meeting a total amount of €172,280 was allocated to the development of international reviews, support to the GEF project and to the implementation of the Agreement, the Communication Strategy and the International Implementation Priorities 2006-2008.

This document contains an overview of the total amount accrued by contributions of new Parties. At the end of this document the Secretariat will propose how to use the funds available for 2008.

**ACTION REQUESTED FROM THE STANDING COMMITTEE**

- 1) The members of the Standing Committee are requested to take note of the current status of the funds accrued by contributions of new Parties, and
- 2) To agree with the proposal drafted by the Secretariat regarding allocation of the funds.

<b>Total</b>	<b>162,134</b>	<b>102,008</b>	<b>143,197</b>

Based on the figures given in Table 1, the total amount of funds that will be accrued from new Contracting Parties in the period 2006-2008 is €407,339. At the fourth meeting of the Standing Committee all funds accrued in 2006 have been allocated to the development of international reviews, support to the GEF project and to the implementation of the Agreement, the Communication Strategy and the International Implementation Priorities 2006-2008. Thus no funds from previous years are available.

The Secretariat proposes to allocate an amount of €150,000, consisting of the contributions received in 2007 (€102,008) plus €47,717 from the contributions due in 2008. It should be

noted that the proposed amount to be taken from the 2008 contributions is already available due to the fact that the Czech Republic, France and Italy paid their dues for the whole period of 2006-2008. The Secretariat proposes to allocate these funds for the finalisation of international reviews, the preparations of MOP4, the Wings over Wetlands/ African-Eurasian Flyways GEF project and for the development of a project proposal for North Africa to be submitted to the Spanish Development Agency. Latter is under development by the AEWA Secretariat in close cooperation with BirdLife International, the Spanish Development Cooperation Agency and others. We aim for a project with a duration of three years and a provisional budget of €1.5 million. The funds requested are meant to cover the costs of hiring a consultant to finalise the current draft in close cooperation with all stakeholders.
