

Report on the implementation of AEWA for the period 2009-2011

The format for reports on the implementation of the Agreement on the Conservation of African-Eurasian Migratory Waterbirds (AEWA) for the period 2009-2011 was approved at the 4th session of the Meeting of the Parties (15-19 September 2008, Antananarivo, Madagascar) by Resolution 4.7. Further amendments were endorsed by the Standing Committee in August 2011 in accordance with operative paragraph 11 of Resolution 4.7. This format has been constructed following the AEWA Action Plan, the AEWA Strategic Plan 2009-2017 and resolutions of the Meeting of the Parties (MOP).

In accordance with Article V.1(c) of the Agreement on the Conservation of African-Eurasian Migratory Waterbirds, each Party shall prepare to each ordinary session of the MOP a National Report on its implementation of the Agreement and submit that report to the Agreement Secretariat not later than 120 days before the session of the MOP. The 5th Session of the Meeting of the Parties (MOP5) is taking place on 14-18 May 2012 in La Rochelle, France; therefore **the deadline for submission of National Reports is 14 January 2012.**

The AEWA National Reports 2009-2011 will be compiled and submitted through the CMS Family Online Reporting Facility, which is an online reporting tool for the whole CMS Family. However, AEWA will be the first of the CMS-related treaties to use the CMS Family Online Reporting System for its reporting to MOP5. The CMS Family Online Reporting System was developed in 2010-2011 by the UNEP-World Conservation Monitoring Centre (UNEP-WCMC) in close collaboration with and under the guidance of the UNEP/AEWA Secretariat.

As a new product, the system may still need some refining and improving, we therefore request your understanding: any feedback or suggestions on your side would be greatly appreciated.

The online reporting system offers flexibility and versatility superior to the previously used paper-based reporting and the UNEP/AEWA Secretariat hopes that the Parties will find it to be more convenient and efficient. In particular, it will make information more easily accessible and also enhance ways of using it. In this context, Resolution 4.7 also requests UNEP to assist in the development of an analytical tool and calls upon Parties to support this initiative and provide financial resources and thus strengthen the online format for national reporting in collaboration with UNEP-WCMC. The online reporting system brings national reporting to a different level, enabling the information provided to be used much more effectively; it also serves as a tool for self-assessment by Parties. In addition, it can help to enhance cooperation and coordination between various stakeholders in your country by making the national reporting more of a collective, collaborative and continuous process.

To contact the UNEP/AEWA Secretariat please send your inquiries to aewa_national_reporting@unep.de.

1. General Information

Name of reporting Contracting Party

> Uganda

Date of entry into force of AEWA in the Contracting Party

> 01.12.2000

List any reservations that the Contracting Party has made (if any) upon deposition of its instruments of accession on provisions of the Agreement or its Action Plan in accordance with Article XV of AEWA

> None

2. Institutional Information

Please update information on the National AEWA Administrative Authority, the National Focal Points, the Designated National Respondent and the other contributors to this report.

Designated National AEWA Administrative Authority

Full name of the institution

> Ministry of Tourism, Wildlife and Heritage

Name and title of the head of institution

> Hon. Prof. Ephraim Kamuntu, Minister

Mailing address - Street and number

> Plot No 6-8 Parliament Avenue, Farmers House

P.O.Box

Status

3. Species Status

Please select from the drop-down list below only the species that occur in your country

AEWA Species - *Tachybaptus ruficollis* / Little Grebe

English Common name(s):

Little Grebe

French Common name(s):

Grébe castagneux, Grèbe castagneux

Confirmation of species occurrence

Please confirm the occurrence of the species in the country

☒ The species occurs in the country

Native or non-native species

Please confirm whether the species is native or non-native to your country

☒ Native

Species Status - Field for additional information (optional)

Optionally you can provide additional information on the status of the species in the country

> Insufficient breeding information for Uganda

Legal Status - Field for additional information (optional)

Optionally you can provide additional information on the legal status of the species in the country

> Generally protected by the wildlife related laws of Uganda

National Red List Status

Is a National Red List of threatened species maintained in your country?

☒ No

AEWA Species - Podiceps cristatus / Great Crested Grebe

English Common name(s):

Great Crested Grebe

French Common name(s):

Grèbe huppé

Confirmation of species occurrence

Please confirm the occurrence of the species in the country

☒ The species occurs in the country

Native or non-native species

Please confirm whether the species is native or non-native to your country

☒ Native

AEWA Table 1 Categorisation

Please indicate the AEWA Table 1 category(ies) applicable to the population(s) of this species occurring in the country.

☒ Column A - Category 1(c)

Species Status - Field for additional information (optional)

Optionally you can provide additional information on the status of the species in the country

> Insufficient breeding information for Uganda

Legal Status

(measures as per paragraph 2.1.1 of the AEWA Action Plan - applicable to species with populations listed on Column A of the AEWA Table 1)

Taking of birds and eggs prohibited

☒ Yes

Deliberate disturbance prohibited

☒ Yes

Possession or utilization of, and trade in, birds, eggs or any readily recognisable parts or derivatives prohibited

☒ Yes

National Red List Status

Is a National Red List of threatened species maintained in your country?

☒ No

AEWA Species - *Podiceps nigricollis* / Black-necked Grebe

English Common name(s):

Black-necked Grebe, Eared Grebe

French Common name(s):

Grèbe à cou noir

Confirmation of species occurrence

Please confirm the occurrence of the species in the country

☒ The species occurs in the country

Native or non-native species

Please confirm whether the species is native or non-native to your country

☒ Native

Species Status - Field for additional information (optional)

Optionally you can provide additional information on the status of the species in the country

> Insufficient breeding information for Uganda

Legal Status - Field for additional information (optional)

Optionally you can provide additional information on the legal status of the species in the country

> Generally protected by the wildlife related laws of Uganda

National Red List Status

Is a National Red List of threatened species maintained in your country?

☒ No

AEWA Species - *Pelecanus onocrotalus* / Great White Pelican

English Common name(s):

Great White Pelican, White Pelican

French Common name(s):

Pélican blanc

Confirmation of species occurrence

Please confirm the occurrence of the species in the country

☒ The species occurs in the country

Native or non-native species

Please confirm whether the species is native or non-native to your country

☒ Native

AEWA Table 1 Categorisation

Please indicate the AEWa Table 1 category(ies) applicable to the population(s) of this species occurring in the country.

☒ Column C - Category 1

Species Status - Field for additional information (optional)

Optionally you can provide additional information on the status of the species in the country

> Insufficient breeding information available for Uganda

Legal Status - Field for additional information (optional)

Optionally you can provide additional information on the legal status of the species in the country

> Generally protected by the wildlife related laws of Uganda

National Red List Status

Is a National Red List of threatened species maintained in your country?

☒ No

AEWA Species - *Pelecanus rufescens* / Pink-backed Pelican

English Common name(s):

Pink-backed Pelican

French Common name(s):

Pélican gris

Confirmation of species occurrence

Please confirm the occurrence of the species in the country

☒ The species occurs in the country

Native or non-native species

Please confirm whether the species is native or non-native to your country

☒ Native

Species Status - Field for additional information (optional)

Optionally you can provide additional information on the status of the species in the country

> Insufficient breeding information available for Uganda

Legal Status - Field for additional information (optional)

Optionally you can provide additional information on the legal status of the species in the country

> Generally protected by the wildlife related laws of Uganda

National Red List Status

Is a National Red List of threatened species maintained in your country?

☒ No

AEWA Species - *Phalacrocorax carbo* / Great Cormorant

English Common name(s):

Great Cormorant

French Common name(s):

Grand Cormoran

Confirmation of species occurrence

Please confirm the occurrence of the species in the country

☒ The species occurs in the country

Native or non-native species

Please confirm whether the species is native or non-native to your country

☒ Native

AEWA Table 1 Categorisation

Please indicate the AEWA Table 1 category(ies) applicable to the population(s) of this species occurring in the country.

☒ Column C - Category 1

Species Status - Breeding

Does the species occur in the country during the breeding period?

☒ Yes

National Red List Status

Is a National Red List of threatened species maintained in your country?

☒ No

AEWA Species - *Egretta ardesiaca* / Black Heron

English Common name(s):

Black Heron

French Common name(s):

Aigrette ardoisée

Confirmation of species occurrence

Please confirm the occurrence of the species in the country

☒ The species occurs in the country

Native or non-native species

Please confirm whether the species is native or non-native to your country

☒ Native

AEWA Table 1 Categorisation

Please indicate the AEWa Table 1 category(ies) applicable to the population(s) of this species occurring in the country.

☒ Column A - Category 3(c)

Legal Status

(measures as per paragraph 2.1.1 of the AEWa Action Plan - applicable to species with populations listed on Column A of the AEWa Table 1)

Taking of birds and eggs prohibited

☒ Yes

Deliberate disturbance prohibited

☒ Yes

Possession or utilization of, and trade in, birds, eggs or any readily recognisable parts or derivatives prohibited

☒ Yes

National Red List Status

Is a National Red List of threatened species maintained in your country?

☒ No

AEWA Species - Egretta garzetta / Little Egret

English Common name(s):

Little Egret

French Common name(s):

Aigrette garzette

Confirmation of species occurrence

Please confirm the occurrence of the species in the country

☒ The species occurs in the country

Native or non-native species

Please confirm whether the species is native or non-native to your country

☒ Native

AEWA Table 1 Categorisation

Please indicate the AEWa Table 1 category(ies) applicable to the population(s) of this species occurring in the country.

☒ Column B - Category 1

Legal Status

(measures as per paragraph 2.1.2 of the AEWa Action Plan - applicable to species with populations listed on Column B of the AEWa Table 1)

Taking of birds and eggs during reproductive or rearing period and pre-nuptial migration prohibited

☒ Yes

Regulated modes of taking in place

☒ Yes

Established limits of taking (birds or eggs per hunter per day or season)

☒ Yes

Prohibited possession or utilization of, and trade in, birds and eggs of the populations which have been taken in contravention of any prohibition laid down pursuant to the provisions of paragraph 2.1.2 of the AEWa Action Plan (i.e. in the reproductive or rearing period, pre-nuptial migration, using modes of taking that are under regulation, and excess over the limits) as well as the possession or utilization of, and trade in, any parts of such birds and their eggs

☒ Yes

National Red List Status

Is a National Red List of threatened species maintained in your country?

☒ No

AEWA Species - *Egretta gularis* / Western Reef Egret

English Common name(s):

Western Reef Heron, Western Reef-Egret

French Common name(s):

Aigrette à gorge blanche

Confirmation of species occurrence

Please confirm the occurrence of the species in the country

☒ The species occurs in the country

Native or non-native species

Please confirm whether the species is native or non-native to your country

☒ Non-native

Species Status

Species Status - Field for additional information (optional)

Optionally you can provide additional information on the status of the species in the country

> Vagrant In Uganda

Legal Status

Does the species have any legal status?

☒ Yes

National Red List Status

Does the species have any National Red List Status?

☒ No

AEWA Species - Ardea cinerea / Grey Heron

English Common name(s):

Grey Heron

French Common name(s):

Héron cendré

Confirmation of species occurrence

Please confirm the occurrence of the species in the country

☒ The species occurs in the country

Native or non-native species

Please confirm whether the species is native or non-native to your country

☒ Native

AEWA Table 1 Categorisation

Please indicate the AEWA Table 1 category(ies) applicable to the population(s) of this species occurring in the country.

☒ Column C - Category 1

Species Status - Field for additional information (optional)

Optionally you can provide additional information on the status of the species in the country

> Insufficient breeding data for this species in Uganda

Legal Status - Field for additional information (optional)

Optionally you can provide additional information on the legal status of the species in the country

> It is generally protected by the wildlife related laws of Uganda

National Red List Status

Is a National Red List of threatened species maintained in your country?

☒ No

AEWA Species - *Ardea melanocephala* / Black-headed Heron

English Common name(s):

Black-headed Heron

French Common name(s):

Héron mélanocéphale

Confirmation of species occurrence

Please confirm the occurrence of the species in the country

☒ The species occurs in the country

Native or non-native species

Please confirm whether the species is native or non-native to your country

☒ Native

Regulated modes of taking in place

☒ Yes

Established limits of taking (birds or eggs per hunter per day or season)

☒ Yes

Prohibited possession or utilization of, and trade in, birds and eggs of the populations which have been taken in contravention of any prohibition laid down pursuant to the provisions of paragraph 2.1.2 of the AEWa Action Plan (i.e. in the reproductive or rearing period, pre-nuptial migration, using modes of taking that are under regulation, and excess over the limits) as well as the possession or utilization of, and trade in, any parts of such birds and their eggs

☒ Yes

National Red List Status

Is a National Red List of threatened species maintained in your country?

☒ No

AEWA Species - *Botaurus stellaris* / Great Bittern

English Common name(s):

Bittern, Great Bittern

French Common name(s):

Butor étoilé, Grand Butor

Confirmation of species occurrence

Please confirm the occurrence of the species in the country

☒ The species occurs in the country

Native or non-native species

Please confirm whether the species is native or non-native to your country

☒ Native

Species Status - Field for additional information (optional)

Optionally you can provide additional information on the status of the species in the country

› There is insufficient breeding information on Uganda regarding this specie

Legal Status - Field for additional information (optional)

Optionally you can provide additional information on the legal status of the species in the country

› Legally protected by wildlife related laws of Uganda

National Red List Status

Is a National Red List of threatened species maintained in your country?

☒ No

AEWA Species - *Mycteria ibis* / Yellow-billed Stork

English Common name(s):

Yellow-billed Stork

French Common name(s):

Tantale ibis

Confirmation of species occurrence

Please confirm the occurrence of the species in the country

☒ The species occurs in the country

Native or non-native species

Please confirm whether the species is native or non-native to your country

☒ Native

AEWA Table 1 Categorisation

Please indicate the AEWa Table 1 category(ies) applicable to the population(s) of this species occurring in the country.

☒ Column B - Category 1

Species Status - Field for additional information (optional)

Optionally you can provide additional information on the status of the species in the country

> No sufficient information regarding its breeding in Uganda

Legal Status

(measures as per paragraph 2.1.2 of the AEWa Action Plan - applicable to species with populations listed on Column B of the AEWa Table 1)

Taking of birds and eggs during reproductive or rearing period and pre-nuptial migration prohibited

☒ Yes

Regulated modes of taking in place

☒ Yes

Established limits of taking (birds or eggs per hunter per day or season)

☒ Yes

Prohibited possession or utilization of, and trade in, birds and eggs of the populations which have been taken in contravention of any prohibition laid down pursuant to the provisions of paragraph 2.1.2 of the AEWa Action Plan (i.e. in the reproductive or rearing period, pre-nuptial migration, using modes of taking that are under regulation, and excess over the limits) as well as the possession or utilization of, and trade in, any parts of such birds and their eggs

Established limits of taking (birds or eggs per hunter per day or season)

☒ Yes

Prohibited possession or utilization of, and trade in, birds and eggs of the populations which have been taken in contravention of any prohibition laid down pursuant to the provisions of paragraph 2.1.2 of the AEWA Action Plan (i.e. in the reproductive or rearing period, pre-nuptial migration, using modes of taking that are under regulation, and excess over the limits) as well as the possession or utilization of, and trade in, any parts of such birds and their eggs

☒ Yes

National Red List Status

Is a National Red List of threatened species maintained in your country?

☒ Yes

Do National Red Lists have a legal status in your country?

☒ No

AEWA Species - *Anas undulata* / Yellow-billed Duck

English Common name(s):

Yellow-billed Duck

French Common name(s):

Canard à bec jaune

Confirmation of species occurrence

Please confirm the occurrence of the species in the country

☒ The species occurs in the country

Native or non-native species

Please confirm whether the species is native or non-native to your country

☒ Native

AEWA Table 1 Categorisation

Please indicate the AEWa Table 1 category(ies) applicable to the population(s) of this species occurring in the country.

☒ Column C - Category 1

Species Status - Field for additional information (optional)

Optionally you can provide additional information on the status of the species in the country

> Insufficient breeding data for this species in Uganda

Legal Status - Field for additional information (optional)

Optionally you can provide additional information on the legal status of the species in the country

> It is generally protected by the wildlife related laws of Uganda

National Red List Status

Is a National Red List of threatened species maintained in your country?

☒ No

AEWA Species - *Anas acuta* / Northern Pintail

English Common name(s):

Common Pintail, Northern Pintail, Pintail

French Common name(s):

Canard pilet, Pilet

Confirmation of species occurrence

Please confirm the occurrence of the species in the country

☒ The species occurs in the country

Native or non-native species

Please confirm whether the species is native or non-native to your country

☒ Native

AEWA Table 1 Categorisation

Please indicate the AEWa Table 1 category(ies) applicable to the population(s) of this species occurring in the country.

☒ Column C - Category 1

Species Status - Field for additional information (optional)

Optionally you can provide additional information on the status of the species in the country

> Insufficient breeding data for Uganda

Legal Status - Field for additional information (optional)

Optionally you can provide additional information on the legal status of the species in the country

> AEWa C (1)

National Red List Status

Is a National Red List of threatened species maintained in your country?

☒ No

AEWA Species - *Anas erythrorhynchos* / Red-billed Duck

English Common name(s):

Red-billed Duck

French Common name(s):

Canard à bec rouge

Confirmation of species occurrence

Please confirm the occurrence of the species in the country

☒ The species occurs in the country

Native or non-native species

Please confirm whether the species is native or non-native to your country

☒ Native

AEWA Table 1 Categorisation

Please indicate the AEWa Table 1 category(ies) applicable to the population(s) of this species occurring in the country.

☒ Column C - Category 1

Species Status - Field for additional information (optional)

Optionally you can provide additional information on the status of the species in the country

> Insufficient breeding data for Uganda

Legal Status - Field for additional information (optional)

Optionally you can provide additional information on the legal status of the species in the country

> Generally protected by wildlife related laws of Uganda

National Red List Status

Is a National Red List of threatened species maintained in your country?

☒ No

AEWA Species - *Anas hottentota* / Hottentot Teal

English Common name(s):

Hottentot Teal

French Common name(s):

Sarcelle hottentote

Confirmation of species occurrence

Please confirm the occurrence of the species in the country

☒ The species occurs in the country

Native or non-native species

Please confirm whether the species is native or non-native to your country

☒ Native

AEWA Table 1 Categorisation

Please indicate the AEWa Table 1 category(ies) applicable to the population(s) of this species occurring in the country.

☒ Column B - Category 1

Species Status - Field for additional information (optional)

Optionally you can provide additional information on the status of the species in the country

> Insufficient breeding data for this species in Uganda

Legal Status

(measures as per paragraph 2.1.2 of the AEWa Action Plan - applicable to species with populations listed on Column B of the AEWa Table 1)

Taking of birds and eggs during reproductive or rearing period and pre-nuptial migration prohibited

☒ Yes

Regulated modes of taking in place

☒ Yes

Established limits of taking (birds or eggs per hunter per day or season)

☒ Yes

Prohibited possession or utilization of, and trade in, birds and eggs of the populations which have been taken in contravention of any prohibition laid down pursuant to the provisions of paragraph 2.1.2 of the AEWa Action Plan (i.e. in the reproductive or rearing period, pre-nuptial migration, using modes of taking that are under regulation, and excess over the limits) as well as the possession or utilization of, and trade in, any parts of such birds and their eggs

☒ Yes

National Red List Status

Is a National Red List of threatened species maintained in your country?

☒ No

AEWA Species - *Anas querquedula* / Garganey

English Common name(s):

Garganey, Garganey Teal

French Common name(s):

Sarcelle d'été

Confirmation of species occurrence

Please confirm the occurrence of the species in the country

☒ The species occurs in the country

Native or non-native species

Please confirm whether the species is native or non-native to your country

☒ Native

AEWA Table 1 Categorisation

Please indicate the AEWA Table 1 category(ies) applicable to the population(s) of this species occurring in the country.

☒ Column C - Category 1

Species Status - Field for additional information (optional)

Optionally you can provide additional information on the status of the species in the country

> Insufficient breeding data for this species in Uganda

Legal Status - Field for additional information (optional)

Optionally you can provide additional information on the legal status of the species in the country

> It is generally protected by the wildlife related laws of Uganda

National Red List Status

Is a National Red List of threatened species maintained in your country?

☒ No

AEWA Species - *Anas clypeata* / Northern Shoveler

English Common name(s):

Northern Shoveler, Shoveler

French Common name(s):

Canard souchet, Souchet

Confirmation of species occurrence

Please confirm the occurrence of the species in the country

☒ The species occurs in the country

Native or non-native species

Please confirm whether the species is native or non-native to your country

☒ Native

AEWA Table 1 Categorisation

Please indicate the AEWa Table 1 category(ies) applicable to the population(s) of this species occurring in the country.

☒ Column B - Category 2(c)

Species Status - Field for additional information (optional)

Optionally you can provide additional information on the status of the species in the country

> Insufficient breeding data for Uganda

Legal Status

(measures as per paragraph 2.1.2 of the AEWa Action Plan - applicable to species with populations listed on Column B of the AEWa Table 1)

Taking of birds and eggs during reproductive or rearing period and pre-nuptial migration prohibited

☒ Yes

Regulated modes of taking in place

☒ Yes

Established limits of taking (birds or eggs per hunter per day or season)

☒ Yes

Prohibited possession or utilization of, and trade in, birds and eggs of the populations which have been taken in contravention of any prohibition laid down pursuant to the provisions of paragraph 2.1.2 of the AEWa Action Plan (i.e. in the reproductive or rearing period, pre-nuptial migration, using modes of taking that are under regulation, and excess over the limits) as well as the possession or utilization of, and trade in, any parts of such birds and their eggs

☒ Yes

National Red List Status

Is a National Red List of threatened species maintained in your country?

☒ No

AEWA Species - *Netta erythrophthalma* / Southern Pochard

English Common name(s):

Southern Pochard

French Common name(s):

Nette brune

Confirmation of species occurrence

Please confirm the occurrence of the species in the country

☒ The species occurs in the country

Native or non-native species

Please confirm whether the species is native or non-native to your country

☒ Native

AEWA Table 1 Categorisation

Please indicate the AEWa Table 1 category(ies) applicable to the population(s) of this species occurring in the country.

☒ Column C - Category 1

Species Status - Field for additional information (optional)

Optionally you can provide additional information on the status of the species in the country

> Insufficient breeding information available for Uganda

Legal Status - Field for additional information (optional)

Optionally you can provide additional information on the legal status of the species in the country

> Generally protected by the wildlife related laws of Uganda

National Red List Status

Is a National Red List of threatened species maintained in your country?

☒ No

AEWA Species - *Aythya ferina* / Common Pochard

English Common name(s):

Common Pochard, Pochard

French Common name(s):

Fuligule milouin

Confirmation of species occurrence

Please confirm the occurrence of the species in the country

☒ The species occurs in the country

Native or non-native species

Please confirm whether the species is native or non-native to your country

☒ Native

Species Status - Field for additional information (optional)

Optionally you can provide additional information on the status of the species in the country

> There is insufficient breeding information about this specie in Uganda

Legal Status

(measures as per paragraph 2.1.2 of the AEWA Action Plan - applicable to species with populations listed on Column B of the AEWA Table 1)

Taking of birds and eggs during reproductive or rearing period and pre-nuptial migration prohibited

☒ Yes

Regulated modes of taking in place

☒ Yes

Established limits of taking (birds or eggs per hunter per day or season)

☒ Yes

Prohibited possession or utilization of, and trade in, birds and eggs of the populations which have been taken in contravention of any prohibition laid down pursuant to the provisions of paragraph 2.1.2 of the AEWA Action Plan (i.e. in the reproductive or rearing period, pre-nuptial migration, using modes of taking that are under regulation, and excess over the limits) as well as the possession or utilization of, and trade in, any parts of such birds and their eggs

☒ Yes

National Red List Status

Is a National Red List of threatened species maintained in your country?

☒ No

AEWA Species - Aythya nyroca / Ferruginous Duck

English Common name(s):

Ferruginous Duck, Ferruginous Pochard, White-eyed Pochard

French Common name(s):

Fuligule nyroca

Confirmation of species occurrence

Please confirm the occurrence of the species in the country

☒ The species occurs in the country

Native or non-native species

Please confirm whether the species is native or non-native to your country

☒ Native

AEWA Table 1 Categorisation

Please indicate the AEWa Table 1 category(ies) applicable to the population(s) of this species occurring in the country.

☒ Column A - Category 1(a)

☒ Column A - Category 3(c)

Species Status - Field for additional information (optional)

Optionally you can provide additional information on the status of the species in the country

> No sufficient National breeding information available

Legal Status

(measures as per paragraph 2.1.1 of the AEWa Action Plan - applicable to species with populations listed on Column A of the AEWa Table 1)

Taking of birds and eggs prohibited

☒ Yes

Deliberate disturbance prohibited

☒ Yes

Possession or utilization of, and trade in, birds, eggs or any readily recognisable parts or derivatives prohibited

☒ Yes

National Red List Status

Is a National Red List of threatened species maintained in your country?

☒ No

AEWA Species - *Aythya fuligula* / Tufted Duck

English Common name(s):

Tufted Duck

French Common name(s):

Fuligule morillon

Confirmation of species occurrence

Please confirm the occurrence of the species in the country

☒ The species occurs in the country

Native or non-native species

Please confirm whether the species is native or non-native to your country

☒ Native

AEWA Table 1 Categorisation

Please indicate the AEWa Table 1 category(ies) applicable to the population(s) of this species occurring in the country.

☒ Column C - Category 1

Species Status - Field for additional information (optional)

Optionally you can provide additional information on the status of the species in the country

> There is insufficient breeding information about this specie in Uganda

Legal Status - Field for additional information (optional)

Optionally you can provide additional information on the legal status of the species in the country

> It is generally protected by the wildlife related laws of Uganda

National Red List Status

Is a National Red List of threatened species maintained in your country?

☒ No

AEWA Species - *Balearica pavonina* / Black Crowned Crane

English Common name(s):

Black Crowned-Crane, West African Crowned Crane

French Common name(s):

Grue couronnée, Grue couronnée de l'Afrique de l'ouest et du Soudan

Confirmation of species occurrence

Please confirm the occurrence of the species in the country

☒ The species occurs in the country

Native or non-native species

Please confirm whether the species is native or non-native to your country

☒ Non-native

Chevalier arlequin

Confirmation of species occurrence

Please confirm the occurrence of the species in the country

☒ The species occurs in the country

Native or non-native species

Please confirm whether the species is native or non-native to your country

☒ Native

AEWA Table 1 Categorisation

Please indicate the AEWa Table 1 category(ies) applicable to the population(s) of this species occurring in the country.

☒ Column B - Category 1

Species Status - Field for additional information (optional)

Optionally you can provide additional information on the status of the species in the country

> Insufficient breeding information for Uganda

Legal Status

(measures as per paragraph 2.1.2 of the AEWa Action Plan - applicable to species with populations listed on Column B of the AEWa Table 1)

Taking of birds and eggs during reproductive or rearing period and pre-nuptial migration prohibited

☒ Yes

Regulated modes of taking in place

☒ Yes

Established limits of taking (birds or eggs per hunter per day or season)

☒ Yes

Prohibited possession or utilization of, and trade in, birds and eggs of the populations which have been taken in contravention of any prohibition laid down pursuant to the provisions of paragraph 2.1.2 of the AEWa Action Plan (i.e. in the reproductive or rearing period, pre-nuptial migration, using modes of taking that are under regulation, and excess over the limits) as well as the possession or utilization of, and trade in, any parts of such birds and their eggs

☒ Yes

National Red List Status

Is a National Red List of threatened species maintained in your country?

☒ No

AEWA Species - *Tringa totanus* / Common Redshank

English Common name(s):

Common Redshank, Redshank

French Common name(s):

Chevalier gambette

Confirmation of species occurrence

Please confirm the occurrence of the species in the country

☒ The species occurs in the country

Native or non-native species

Please confirm whether the species is native or non-native to your country

☒ Native

AEWA Table 1 Categorisation

Please indicate the AEWa Table 1 category(ies) applicable to the population(s) of this species occurring in the country.

☒ Column C - Category 1

Species Status - Field for additional information (optional)

Optionally you can provide additional information on the status of the species in the country

> Insufficient breeding information for Uganda

Legal Status - Field for additional information (optional)

Optionally you can provide additional information on the legal status of the species in the country

> Generally protected by the wildlife related laws of Uganda

National Red List Status

Is a National Red List of threatened species maintained in your country?

☒ No

AEWA Species - *Tringa stagnatilis* / Marsh Sandpiper

English Common name(s):

Marsh Sandpiper

French Common name(s):

Chevalier stagnatile

Confirmation of species occurrence

Please confirm the occurrence of the species in the country

☒ The species occurs in the country

Native or non-native species

Please confirm whether the species is native or non-native to your country

☒ Native

AEWA Table 1 Categorisation

Please indicate the AEWA Table 1 category(ies) applicable to the population(s) of this species occurring in the country.

☒ Column B - Category 1

Species Status - Field for additional information (optional)

Optionally you can provide additional information on the status of the species in the country

> Insufficient breeding information for Uganda

Legal Status

(measures as per paragraph 2.1.2 of the AEWA Action Plan - applicable to species with populations listed on Column B of the AEWA Table 1)

Taking of birds and eggs during reproductive or rearing period and pre-nuptial migration prohibited

☒ Yes

Regulated modes of taking in place

☒ Yes

Established limits of taking (birds or eggs per hunter per day or season)

☒ Yes

Prohibited possession or utilization of, and trade in, birds and eggs of the populations which have been taken in contravention of any prohibition laid down pursuant to the provisions of paragraph 2.1.2 of the AEWA Action Plan (i.e. in the reproductive or rearing period, pre-nuptial migration, using modes of taking that are under regulation, and excess over the limits) as well as the possession or utilization of, and trade in, any parts of such birds and their eggs

☒ Yes

National Red List Status

Is a National Red List of threatened species maintained in your country?

☒ No

AEWA Species - *Tringa ochropus* / Green Sandpiper

English Common name(s):

Green Sandpiper

French Common name(s):

Chevalier culblanc, Chevalier cul-blanc

Confirmation of species occurrence

Please confirm the occurrence of the species in the country

☒ The species occurs in the country

Native or non-native species

Please confirm whether the species is native or non-native to your country

☒ Native

AEWA Table 1 Categorisation

Please indicate the AEWa Table 1 category(ies) applicable to the population(s) of this species occurring in the country.

☒ Column C - Category 1

Species Status - Field for additional information (optional)

Optionally you can provide additional information on the status of the species in the country

> Insufficient breeding information for Uganda

Legal Status - Field for additional information (optional)

Optionally you can provide additional information on the legal status of the species in the country

> Generally protected by the wildlife related laws of Uganda

National Red List Status

Is a National Red List of threatened species maintained in your country?

☒ No

AEWA Species - *Tringa glareola* / Wood Sandpiper

English Common name(s):

Wood Sandpiper

French Common name(s):

Chevalier sylvain

Confirmation of species occurrence

Please confirm the occurrence of the species in the country

☒ The species occurs in the country

Native or non-native species

Please confirm whether the species is native or non-native to your country

☒ Native

AEWA Table 1 Categorisation

Please indicate the AEWA Table 1 category(ies) applicable to the population(s) of this species occurring in the country.

☒ Column C - Category 1

Species Status - Field for additional information (optional)

Optionally you can provide additional information on the status of the species in the country

> Insufficient breeding information for Uganda

Legal Status - Field for additional information (optional)

Optionally you can provide additional information on the legal status of the species in the country

National Red List Status

Is a National Red List of threatened species maintained in your country?

☒ No

Pressures and Responses

4. Species Conservation

4.1 Legal Measures

1. Were any exemptions granted to the prohibitions laid down in paragraphs 2.1.1 and 2.1.2 of the AEWA Action Plan? (AEWA Action Plan, paragraph 2.1.3)

☒ No

Optionally you can provide additional information on section 4.1. Legal Measures

› All wildlife in Uganda are legally protected by the national wildlife related laws and the provisions of the international conventions

4.2 Single Species Action Plans

2. Please report on the progress of turning the International Single Species Action Plans (ISSAP), for species whose populations are listed on Column A of Table 1, developed under or recognised by AEWA, into National Single Species Action Plans (NSSAP). (AEWA Action Plan, paragraph 2.2)

Please clarify the relevance of the AEWA International Single Species Action Plans or the other recognised plans (Dalmatian Pelican, Pygmy Cormorant, Red-breasted Goose, Marbled Teal, Slender-billed Curlew and Audouin's Gull) to your country

☒ At least one of the International Single Species Action Plans is relevant

Please report on each relevant ISSAP

National Single Species Action Plan for *Ardeola idae* / Madagascar Pond-Heron

For *Ardeola idae* / Madagascar Pond-Heron

☒ NSSAP in development

National Single Species Action Plan for *Platalea leucorodia* / Eurasian Spoonbill

For *Platalea leucorodia* / Eurasian Spoonbill

☒ No NSSAP

Please explain the reasons

› Insufficiency of relevant data to guide the NSSAP development for this specie

Field for additional information (optional)

› Need of funds/ technical expertise for national specie's status assessment

Eurasian Spoonbill is vagrant in Uganda (Ref. Birdlife International)

National Single Species Action Plan for *Phoeniconaias minor* / Lesser Flamingo

For *Phoeniconaias minor* / Lesser Flamingo

☒ No NSSAP

Please explain the reasons

› Insufficiency of relevant data to guide the NSSAP development for this specie

Field for additional information (optional)

› Need of funds for national specie's status assessment

National Single Species Action Plan for *Oxyura maccoa* / Maccoa Duck

For *Oxyura maccoa* / Maccoa Duck

☒ No NSSAP

Please explain the reasons

› Insufficiency of relevant data to guide the NSSAP development for this specie

Field for additional information (optional)

› Need of funds/ technical expertise for national specie's status assessment

National Single Species Action Plan for *Crex crex* / Corncrake

For *Crex crex* / Corncrake

☒ No NSSAP

Please explain the reasons

› Insufficiency of relevant data to guide the NSSAP development for this specie

Field for additional information (optional)

› Need of funds/ technical expertise for national specie's status assessment

National Single Species Action Plan for *Glareola nordmanni* / Black-winged Pratincole

For *Glareola nordmanni* / Black-winged Pratincole

☒ No NSSAP

Please explain the reasons

› Insufficiency of relevant data to guide the NSSAP development for this specie

Field for additional information (optional)

› Need of funds/ technical expertise for national specie's status assessment

National Single Species Action Plan for *Gallinago media* / Great Snipe

For *Gallinago media* / Great Snipe

☒ No NSSAP

Please explain the reasons

› Insufficiency of relevant data to guide the NSSAP development for this specie

Field for additional information (optional)

› Need of funds/ technical expertise for national specie's status assessment.

Great Snipe is Native to Uganda and Non Breeding (Birdlife International)

National Single Species Action Plan for *Aythya nyroca* / Ferruginous Duck

For *Aythya nyroca* / Ferruginous Duck

☒ No NSSAP

Please explain the reasons

› Insufficiency of relevant data and resources to aid the NSSAP development for this specie

Field for additional information (optional)

› Uganda's wetlands are experiencing intensive degradation which might have a resultant negative impact on this specie.

It is Vagrant in Uganda

3. Do you have in place or are you developing a National Single Species Action Plan for any species/population for which an AEWA ISSAP has not been developed? (AEWA Action Plan, paragraph 2.2.2)

☒ Yes

Please provide information on each species for which relevant action has been undertaken

National Single Species Action Plan for *Balearica regulorum* / Grey Crowned Crane

For *Balearica regulorum* / Grey Crowned Crane

☒ NSSAP in development

Please provide details

› A draft Grey Crowned Crane Species Action Plan has been developed by an Nature Uganda (an NGO)

4. Did you use the AEWA Guidelines for the preparation of National Single Species Action Plans for migratory waterbirds?

☒ No

4.3 Emergency Measures

5. Please report on any emergency situation that has occurred in your country over the past triennium and has threatened waterbirds. (AEWA Action Plan, paragraph 2.3)

Please indicate whether an emergency situation threatening waterbirds, such as botulism, chemical pollution, earthquake, extreme weather, fire, harmful algal bloom, infectious disease, introduction of alien species, lead poisoning, nuclear accident, oil spill, predation, volcanic activity, war or other emergency (please specify), has occurred in the country over the past triennium

☒ No emergency situation has occurred

6. Are there any other emergency measures, which were not mentioned above, but were developed and are in place in your country?

☒ No

Optionally you can provide additional information on section 4.3. Emergency Measures

> 7. is Not Applicable

4.4 Re-establishments

8. Is there a regulatory framework for re-establishments of species, including waterbirds, in your country (AEWA Action Plan, paragraph 2.4)?

☒ No

Please provide details

> There is no regulatory frame work so far developed for re-establishments in Uganda

9. Are you maintaining a national register of re-establishment projects occurring or planned to occur wholly or partly within your country? (Resolution 4.4)

☒ No

Please explain the reasons

> Re-establishment register not yet established

10. Has your country considered, developed or implemented re-establishment projects for any species listed on AEWA Table 1? (AEWA Action Plan, paragraph 2.4)

☒ No

4.5 Introductions

11. Does your country have legislation in place, which prohibits the introduction of non-native species of animals and plants, which may have a detrimental effect? (AEWA Action Plan, paragraph 2.5.1)

☒ Yes, but not being enforced properly or at all

Please provide the following details: title of legislation, year of adoption, institution that adopted it, institution that enforces it, including reasons for non enforcement

> The Plant Protection Act Cap 31 (1962), Ministry of Agriculture, Animal Industries and Fisheries
The National Environment Act Cap 153 (1995), National Environment Management Authority

12. Has your country introduced requirements to zoos, private collections, etc. in order to avoid the accidental escape of captive birds belonging to non-native species? (AEWA Action Plan, paragraph 2.5.2)

☒ No

Please explain the reasons

> No requirement introduced

13. Does your country have in place a National Action Plan for Invasive Species (NAPIS) (in the framework of other MEAs, such as CBD, Bern Convention, and GISP (Global Invasive Species Programme) (Strategic Plan 2009-2017, Objective 1, Target 5)?

☒ Yes, but not being implemented properly or at all

Please explain the reasons

> Limited technical ability and financial resources to implement

14. Has an eradication programme been considered, developed or implemented for any non-native waterbird species in your country?

☒ No

Please explain the reasons

› No situation has warranted the need for eradication programme

15. Did you use the AEWA Guidelines on avoidance of introductions of non-native waterbird species?

☒ No

Please explain the reasons. What was used instead as a basis for dealing with the issue?

› Other national provisions employed

Pressures and Responses

5. Habitat Conservation

5.1 Habitat Inventories

16. Has your country identified the network of all sites of international and national importance for the migratory waterbird species/populations listed on Table 1? (AEWA Action Plan, paragraph 3.1.2)

☒ Partially

Please describe the progress

> The Wetlands Management Department conducted a detailed national inventory of most wetlands in Uganda, except in the then war zones of the north, between 1996 and 2001.

The data collected has been integrated into the National Wetland Information System Database. Most of the sites are currently protected or covered by both national and international law and conventions.

Field for additional information (optional)

> Wetland of international importance have been designated as Ramsar Sites

17. If your country has identified or is currently identifying the networks of sites of international and national importance, have you used the AEWA Guidelines on the preparation of site inventories for migratory waterbirds?

☒ No

Please explain the reasons. What has been used instead as a basis for the inventory?

> Ramsar guidelines for identification and designation of sites of national and international importance

Field for additional information (optional)

> N/A

Optionally you can provide additional information on section 5.1. Habitat Inventories

> N/A

5.2. Conservation of Areas

18. Which sites that were identified as important, either internationally or nationally, for Table 1 migratory waterbird species/populations have been designated as protected areas under the national legislation and have management plans that are being implemented? (AEWA Action Plan, paragraph 3.2.1)

Please report on both internationally and nationally important sites

☒ Reporting on designation and management of internationally important sites

☒ Reporting on designation and management of nationally important sites

All sites of international importance

Total number

> 33

Total area (ha)

> -

Out of the above total: number of protected sites

> 22

Out of the above total: protected area (ha)

> -

Number of protected sites with management plans in place which are being implemented

> 22

Area under protection (in ha) covered by management plans which are being implemented

> -

All sites of national importance

Total number

> 33

Total area (ha)

> 22

Out of the above total: number protected sites

> 22

Out of the above total: protected area (ha)

> -

Number of protected sites with management plans in place which are being implemented

> 22

Area under protection (in ha) covered by management plans which are being implemented

> -

Examples of best practice (optional)

If any site, in your opinion, represents an outstanding process of management planning or implementation, please highlight it as an example of best practice (alternatively provide a web link or attach a file)

> N/A

19. Has your country used the AEWA Guidelines on the management of key sites for migratory waterbirds?

☒ No

Please explain the reasons. What guidance has been used instead?

> Local specific management plans for individual sites are used

20. Have you accessed and used the Critical Site Network (CSN) Tool for the AEWA area?

☒ Yes

Please give examples of how you have used the CSN Tool

> Used CSN Tool to show National Important Bird Areas, Ramsar sites and AEWA species for Uganda

Optionally you can provide additional information on section 5.2. Conservation of Areas

> Some wetlands have management plans while others do not have. National Parks, Wildlife reserves, Forest reserves all have Management Plans. There is need for management plans of Important Bird Area (IBAs).

Pressures and Responses

6. Management of Human Activities

6.1. Hunting

21. Does your country have an established system for the collection of harvest data, which covers the species listed in Table 1? (AEWA Action Plan, paragraph 4.1.3)

☒ Yes

Does it cover the following? (tick where applicable and provide details)

- ☒ All AEWA species occurring in your country
- ☒ Only some AEWA species occurring in your country
- ☒ The whole territory of your country
- ☒ Only part of the territory of your country
- ☒ All harvesting activities
- ☒ Only some harvesting activities

Field for additional information (optional)

> By licensing, permits and verification.

22. Has your country phased out the use of lead shot for hunting in wetlands? (AEWA Action Plan, paragraph 4.1.4)

☒ Not applicable

Please explain the reasons

> N/A

Field for additional information (optional)

> N/A

23. Are there measures in your country to reduce/eliminate illegal taking? (AEWA Action Plan, paragraph 4.1.6)

☒ Yes

How would you rate the effectiveness of the measures?

☒ Moderate

Please provide details

> Uganda Wildlife Act prohibits illegal taking

Field for additional information (optional)

> N/A

24. Has your country used the AEWA Guidelines on sustainable harvest of migratory birds?

☒ No

Please explain the reasons. What other guidance has been used instead?

> CITES. This is because we have no allocated quota of AEWA species under utilisation as of now. No extractive use of AEWA species

Optionally you can provide additional information on section 6.1. Hunting

> N/A

6.2. Other human activities

25. Does your country have legislation in place, which provides for Strategic Environmental Assessment/Environmental Impact Assessment (SEA/EIA) of activities potentially negatively affecting natural habitats or wildlife? (AEWA Action Plan, paragraph 4.3.1)

☒ Yes and being implemented

Do the SEA/EIA processes consider waterbirds and habitats on which they depend?

☒ Yes

Please provide details

> In Uganda EIA is a full requirement for projects likely to have impacts on wetlands, forests and other sensitive ecosystems.

The National Environment Act Cap 153 (1995) and the Environmental Impact Assessment Regulations (1998) require any developer who intends to undertake a project with potential impacts on the environment to undertake an impact study.

and submit a report to the Executive Director of the National Environment Management Authority for review and approval.

Do the SEA/EIA processes include public participation?

☒ Yes

Please provide details

> The Environmental Impact Assessment Regulations(1998) provides for consultation of the relevant lead agencies and affected communities. Where there is controversy or where the project may have trans-boundary impacts, public hearings are held.

Field for additional information (optional)

> N/A

26. In the last three years, has your country used SEA/EIA for all relevant projects to assess the impact of proposed projects on migratory waterbird species listed on table 1 and/or habitats/sites on which they depend? (AEWA Action Plan, paragraph 4.3.1)

☒ Yes, all proposed projects

Please provide information on the outstanding cases

> The Environmental and Social Impact Statement for Karuma Hydro-Power Project considered specific mitigation measures for migratory water bird species and made reference to Convention on Migratory Species

Field for additional information (optional)

> N/A

27. Is by-catch of waterbirds in fishing gear taking place in your country? (Resolution 3.8)

☒ No Information

When and how do you intend to fill this information gap?

> Initiate and operationalize collaboration with Fisheries Department on a study of the problem of by-catch of water birds by December 2012

Field for additional information (optional)

> N/A

28. Has your country undertaken steps towards the adoption/application of measures to reduce the incidental catch of seabirds and combat Illegal Unregulated and Unreported (IUU) fishing practices in the Agreement area? (Resolution 3.8)

☒ No

Please explain the reasons

> N/A

Field for additional information (optional)

> N/A

Optionally you can provide additional information on section 6.2. Other Human Activities

> N/A

Pressures and Responses

7. Research and Monitoring

29. Does your country have waterbird monitoring schemes for the AEWA species in place? (Strategic Plan 2009-2017, Objective 3, Target 2)

☒ Yes

Covering the breeding period

☒ Partially

Please provide details

› Annual waterfowl counts are conducted in selected sites. Nature Uganda spearheads the exercise with support from the Wetlands Management Department , Makerere University and District officials.

Covering the passage/migration period

☒ No monitoring schemes in place

Please explain the reasons

› Limited funds

Covering the non-breeding/wintering period

☒ No monitoring schemes in place

Please explain the reasons

› Limited funds

Field for additional information (optional)

› Limited funds

30. Have you used the AEWA Guidelines for a waterbird monitoring protocol?

☒ Yes

Please provide details

› Two counts take place: January for migratory species and July for resident species. A team of 4-5 people conduct counts on foot, in boats or vehicles from appropriate vantage points and keep records in standardized forms.

31. List (or provide links to lists) of research related to waterbirds and their conservation that has been undertaken or results published in the past triennium (Strategic Plan 2009-2017, Objective 3, Target 5)

› Waterfowl Count Reports (2006-2010). Nature Uganda
Waterfowl Status and Trends Reports (2008-2010). Nature Uganda
Important Bird Areas of Uganda. Nature Uganda
Ecological Baseline Surveys of Lake Bisina-Opeta and Lake Mburo-Nakivale Wetland Systems (2009). nature Uganda

Field for additional information (optional)

› N/A

32. Has your government provided over the past triennium funds and/or logistical support for the International Waterbird Census at international or national level? (Strategic Plan 2009-2017, Objective 3, Target 1)

☒ No

Please explain the reasons

› Inadequate resource envelope

Field for additional information (optional)

› N/A

Optionally you can provide additional information on section 7. Research and Monitoring

› A national monitoring strategy will be established. A funding mechanism in line with the proposed monitoring strategy will be established

Pressures and Responses

8. Education and Information

8.1. AEWA Communication Strategy

33. Has your country developed and implemented programmes for raising awareness and understanding on waterbird conservation and about AEWA? (Strategic Plan 2009-2017, Objective 3, Target 3 and AEWA Action Plan, paragraphs 6.1-6.4)

☒ No

Please explain the reasons

› There is no consolidated national awareness raising programme on waterbird conservation and AEWA. However, there are several players, including government and non-government bodies, with mandates in ecosystem conservation and management. Through their sector policies and strategic plans they implement a number of activities targeting species actions, habitat management, research and publications. The non-governmental organization are particularly very active in carrying out research, monitoring, fund-raising and advocacy for sustainable ecosystem management.

research, monitoring, fund-raising and advocacy for sustainable ecosystem management.

Field for additional information (optional)

› N/A

34. Has your country provided funding and other support, as appropriate (e.g. expertise, network, skills and resources), secured for the implementation of the AEWA Communication Strategy? (Strategic Plan 2009-2017, Objective 3, Target 1 and Resolution 3.10)

☒ No

Please explain the reasons

› Inadequate national resource envelope

Field for additional information (optional)

› N/A

35. In Resolution 3.10 the Meeting of the Parties encouraged Contracting Parties to host AEWA Exchange Centres for their respective regions. Has your country considered/shown interest in hosting a Regional AEWA Exchange Centre? (Strategic Plan 2009-2017, Objective 3, Target 2 and Resolution 3.10)

☒ Not considered yet

Please provide details on the answer given above

› Not yet

Field for additional information (optional)

› N/A

36. Training for CEPA (Communication, Education and Public Awareness) at national level is supposed to be conducted by staff, which has been trained in the framework of the AEWA Training of Trainers programme. Has such training taken place in your country in the past triennium? (Strategic Plan 2009-2017, Objective 3, Target 2)

Applicable only for countries in regions where Training of Trainers programme has taken place

☒ No

Please explain the reasons

› We are yet to know about this programme

Field for additional information (optional)

› N/A

Optionally you can provide additional information on section 8.1. AEWA Communication Strategy

› N/A

Pressures and Responses

9. Implementation

37. Has your country approached non-contracting parties to encourage them to ratify the Agreement? (Resolution 3.10)

Report only on activities over the past triennium

☒ No

Please explain the reasons

> Not yet

Field for additional information (optional)

> N/A

38. Has your country supported/developed international co-operation projects for the implementation of the Agreement, according to the priorities outlined in the AEWA International Implementation Tasks (IIT) for the current triennium? (Resolution 3.11)

☒ Yes

Please list grants provided to IIT projects, or list all undertaken initiatives and briefly provide any relevant information

> The Greater Virunga Trans-boundary Collaboration entered into by Uganda, Rwanda and Democratic Republic of Congo for conservation of the Virunga ecosystem

The Nile Basin Initiative;

Mt.Elgon Regional Ecosystem Conservation Programme;

Field for additional information (optional)

> N/A

39. Has your country resourced the AEWA Small Grants Fund over the past triennium? (Strategic Plan 2009-2017, Objective 5, Target 5)

☒ No

Please explain the reasons

> Procedure to access funds is not user friendly

Field for additional information (optional)

> N/A

40. Does your country have in place a national coordination mechanism for implementation of AEWA, possibly linking to national coordination mechanisms for other biodiversity Multilateral Environmental Agreements (MEAs)? (Strategic Plan 2009-2017, Objective 5, Target 8)

☒ No

Please explain the reasons

> The AEWA National focal person coordinates all AEWA activities of the different agencies in the Contracting Party.

Field for additional information (optional)

> A national coordination mechanism will be established.

41. How would you suggest promoting further links between the biodiversity MEAs to which your country is a Contracting Party, so as to make your work more efficient and effective?

> Establishment of National MEAs standing committee

Optionally you can provide additional information on section 9. Implementation

> N/A

Pressures and Responses

10. Avian Influenza

42. What issues have proved challenging in responding nationally to the spread of the Highly Pathogenic Avian Influenza (HPAI) in the last triennium and what further guidance or information would be useful in this respect?

List challenges

> Inadequate preparedness and response capacity

Weak surveillance and reporting mechanisms especially in rural country sides

Inadequate financial resources and lack of expertise

List required further guidance or information

> Establish sector-wide approach in epidemic management

Build adequate capacity at all level and in institutions with mandate in migratory birds.

Field for additional information (optional)

> N/A

43. Have you visited and used as a reference the AIWEb (the Avian Influenza, Wildlife and the Environment web site)?

☒ Yes

Field for additional information (optional)

> N/A

Optionally you can provide additional information on section 10. Avian Influenza

> N/A

11. Confirmation

Confirmation of information verification and approval for submission

Please confirm:

In addition a scanned copy of an official letter from the relevant state institution, approving the report for submission, can be attached.

☒ I declare that the information provided in the Report on the implementation of AEWA for the period 2009-2011 has been verified and the report has been approved for submission by the appropriate state institution in the country.

Date of submission

> February 3rd, 2012
